HAVE YOU MET MARCO?

Wine is a story, bottled. It’s a tale of grapes, of producers, of terroir, of ideas… And the story is Marco’s thing. Italian Sommelier and ex-wine merchant Marco Castelanelli knows the story behind every bottle he opens. He probably knows some of the story’s characters too. That’s how he brings each glass to life. That’s Club Vino.

Whether you're participating in a tasting event or simply enjoying one of our carefully selected bottles of wine, the story is what defines your experience.

Tell me and I'll forget, Show me and I'll remember,
Involve me and I'll understand. - Confucius

With Marco, you’ll understand.

Camille - Simmons & Simmons
"We had a wonderful time last night, and we are sure that our guests did too. The wine and cheese selection was wonderful and we really enjoyed Marco's commentary and the quiz at the end of the evening. We would love to do it all again."

Kim - Skedulo
I just wanted to say "THANK YOU" the event was a success and my UK Team had so much fun. I truly appreciate the work and the effort that was done to make this happen for Skedulo UK and for sure - Skedulo will be using Club Vino in the future."
