Banking Contract

A customer forgot the documents to sign a business deal in his hotel room in Dubai. Two concierge service companies and two express mail service companies refused to deliver the documents in one day. Within 2 hours, a representative of Z.Brothers in Dubai got the documents and delivered them to Moscow the next morning.
The entire process took less than 16 hours.

Hotel Marriott Moscow Tverskaya

FIFA World Cup 2018, Moscow, 100% of the hotels filled to capacity. After a customer arrived at his hotel, he was very unhappy with the quality of his lodgings and asked the driver to help him find another accommodation. The Z.Brothers driver called around, found and reserved a room for this customer in Hotel Marriott Moscow Tverskaya.

Forgotten Passport

A foreign customer remembered in the airport that he left his passport in his hotel. He had to go back immediately.
It was rush hour in Moscow, with many traffic jams.
The Z.Brothers driver took the guest on the Metro train to the train station, put him on an Air Express train, and called ahead to arrange a personal assistant who would meet the customer at the airport. The customer registered in the VIP service room, and was able to catch his flight.

Service that Went Down in History
