OUR SERVICES

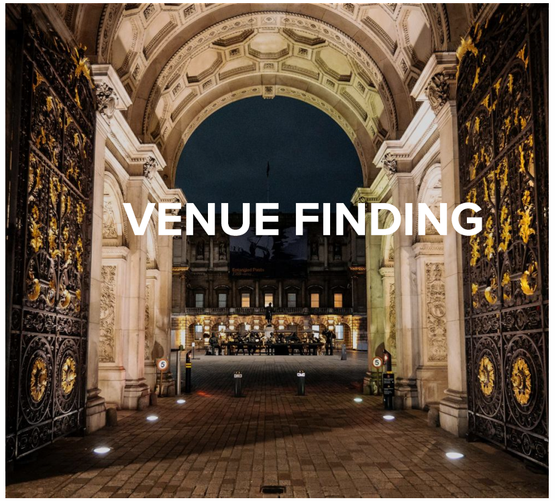

WORD ON THE STREET

VOGUE100 X EMILIA WICKSTEAD

THE BRIEF

We were tasked with creating a timeless dinner for Vogue 100 & Emilia Wickstead to celebrate the launch of her Spring Summer collection during London Fashion Week, guests included high profile celebrities and athletes.

OUTCOME

Inspired by classic styles, we created an intimate dining setting for 42 people. Guests were welcomed into the venue to a 5-piece jazz band and a carefully curated selection of drinks. Once dinner was called, guests sat down at one long dining table adorned with orchids and lilies to be served an exquisite three course dinner.

A SOPHISTICATED SUMMER SOIREE

THE BRIEF

We were delighted to be asked to support a client with their company's summer soirée attended by key clients and staff. The event was to celebrate their employees whilst also providing them with additional information on the company and its partners. The information needed to be shown in fun and engaging formats.

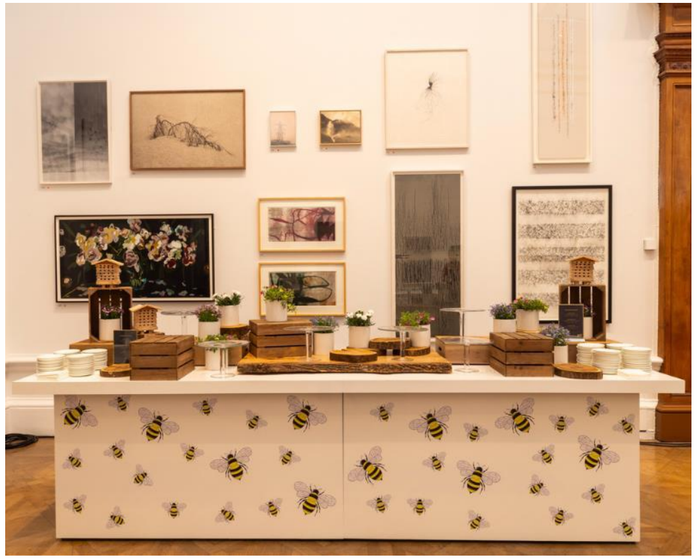

OUTCOME

The chosen venue was The Royal Academy of Arts which was perfect for their 250-guest list. Guests feasted on an array of delicious food and drinks whilst being entertained with a roaming band, a photobooth and live artist. They also had the opportunity to test out various custom-made interactive stations throughout the evening.
