FOUR WORLDS, ONE DESTINATION

ECUADOR

‘The country of four worlds’, hosts some of the favorite tourist destinations on the continent and has regions that are home to unique cultural and natural diversity. Go Galapagos-Kleintours can provide tailor-made tours to individual travelers and groups. The Galapagos Islands were declared a UNESCO Natural World Heritage Site in 1978, followed by the declaration of the islands as a Biosphere Reserve, a whale sanctuary and a UNESCO Natural World Heritage Marine Reserve.

WHERE IS GALAPAGOS?

Straddling the Equator, 1000km from the coast of Ecuador on the South American continent, these so-called Enchanted Islands emerge from the vast Pacific Ocean in a seemingly haphazard array of rocky outposts, each as individual as the next.

WHY GALAPAGOS?
