The Migration Season

1st Season

Calving

The month between December to April is the calving season where hundreds on newborns comes to life making a fabulous time to visit the Serengeti.

2nd Season

River crossing

Between the month of May to July or August is the time to see hundres of wildebeest and zebra cross the river. (Grumeti and Mara River)

3rd Season

Back to the plain

The herds return back to the Serengeti plain for short grasses ready for the calving season between October and November
