Green TRAVELDMC

More Than Green

We are a DMC with extensive experience in the tourism sector. Our goal is to showcase the wonders of Colombia by offering innovative tourism services in the segments of holiday and MICE with the highest quality standards. Our good practices are aligned with sustainable tourism focuses on cultural heritage preservation, social and business responsibility, care for the environment and support to local communities.

We have an appropriate structure to meet our clients and partners needs in the realm of tourism, meetings, and events. Additionally, we have excellent hotel agreements in Colombia and a qualified bilingual team certified in CIS in order to provide the best service.

WE BELONG TO:

Green TRAVELDMC
More Than Green

CORPORATE SOCIAL RESPONSIBILITY

alcagüete®
sabe mejor al compartir

Healthy snacks that you can share.

For each Snack purchased from this project, a healthy snack is being delivered to a child in need, fighting food shortages and death in children by malnutrition.

The Alcaguete Snacks are healthy and are included in the tourist tours of our groups, making them known the message and its contribution to this problem.

Selva Nevada
HELADERIA ARTESANAL

Selva Nevada - Artisan ice cream shop.

Selva Nevada rescues the flavors of Colombian biodiversity, producing artisan ice cream. Fruits are harvested in a sustainable way by rural communities in the country, promoting forest conservation and local economic development.

With the ice cream cart we can refresh some group activity, giving to taste very Colombian flavors such as guava, gulupa, cream dessert or arequipe among others.

Green TRAVELDMC
More Than Green

Magic that breaks barriers

Young people in vulnerable conditions find in magic a way not to fall into bad steps.

And share with others their skills with small magic show that transcend in a moment.

Peace-building peasants

They are peasant victims of the conflict who decide to integrate into society by changing their fields from Coca to cocoa and today they present a quality product that tells a true story.

Breaking Borders

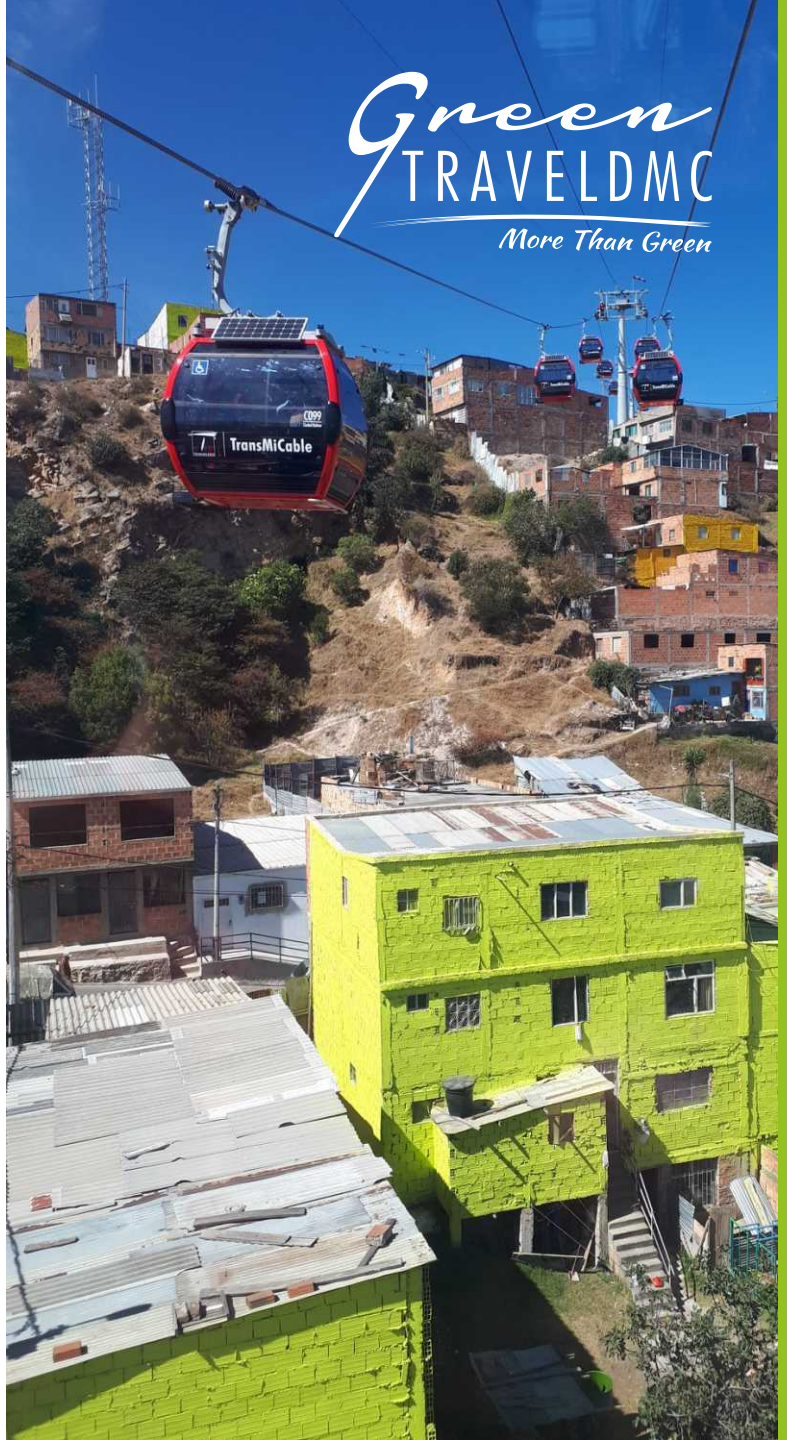

Project led by a group of young people who were born and raised in the middle of the urban conflict, now they bet on a new way of life through community tourism, tours where by means of expressions of urban art, history and culture of the Egipto neighborhood of Bogotá show the public a different face of this sector.

Through the alliance with the National Association of Entrepreneurs de Colombia (ANDI) we support those Colombian companies that work with local labor and offer services and products in the margin of healthy competition. In this way, we support their businesses to sustain themselves and the Colombian industry to grow.

The route of hope

An initiative that was born together with the entry into operation of the **transmicable** in Bogotá in the sector of Ciudad Bolívar, there a foundation organizes tours that start from the transmicable tour to a walk through its neighborhood, telling stories of social conflict that are now the initiative to start projects that change the image of this area of the city.

OUR PROGRAM OF ENVIRONMENTAL CONSERVATION

GREEN RUNNERS corredores ambientales

Consolidate your visit to Colombia by planting an endemic tree in an area of conservation. Thus, helping to preserve ecosystems as well as water sources that sustain agriculture and contributes to mitigating climate change.

A tour package turns into:

1. The planting of an endemic tree
2. Monitoring of the tree and 10 m^2 of the ecosystem
3. Support for reforestation and conservation of endemic ecosystem and water sources

SOUVENIRS WITH SENSE

Colombian coffee Grown by people who lived through the armed conflict and decided to build peace. Products of excellent quality and presentation.

Souvenirs in wood, Enhancing the Colombian diversity, products made with certified wood, which means that during the cultivation and felling process a good environmental management was carried out, minimizing the impact on the surrounding flora and fauna and at the same time guarantees that by every other tree felled will be planted in its place.

Handmade products Where we work directly with the local communities or indigenous who manufacture the handicraft, baskets, backpacks, Colombian chivas, etc.
