As I sit down next to him, Melkamu calls out to the man, asking him to give me a blessing. And just like that — before I expect it — his cross is on my face. I react poorly, giving a quick start, before getting hold of myself and settling down. I thank the priest and, at his encouragement, slip him a small bill for his efforts. No, it wasn't a good blessing, but is there such thing as a bad one? Slipping my shoes back on, I decide that, either way, I'm relieved — after all, now, there's no way I will have to go (back) to hell.

When you go

Do this trip: A boutique firm based in Addis Ababa, FKLM Tours (fklm-tours.com), provides tailor-made itineraries all over Ethiopia. Using local guides who know the lay of the land, as well as top-notch equipment that includes luxury Land Cruisers, many of its itineraries include at least two days in Lalibela.

Get there: Ethiopian Airlines (ethiopianairlines.ca) provides the only direct air service between Canada and Africa. About 13 hours (flying east, from Toronto to Addis Ababa), the trip is undertaken in Boeing 787 Dreamliner aircraft, whose Cloud Nine business-class cabin includes spacious seats that fold into fully flat beds.
