

DRAN EXPERIENCE

YOUR LOCAL GUIDE IN SARDINIA

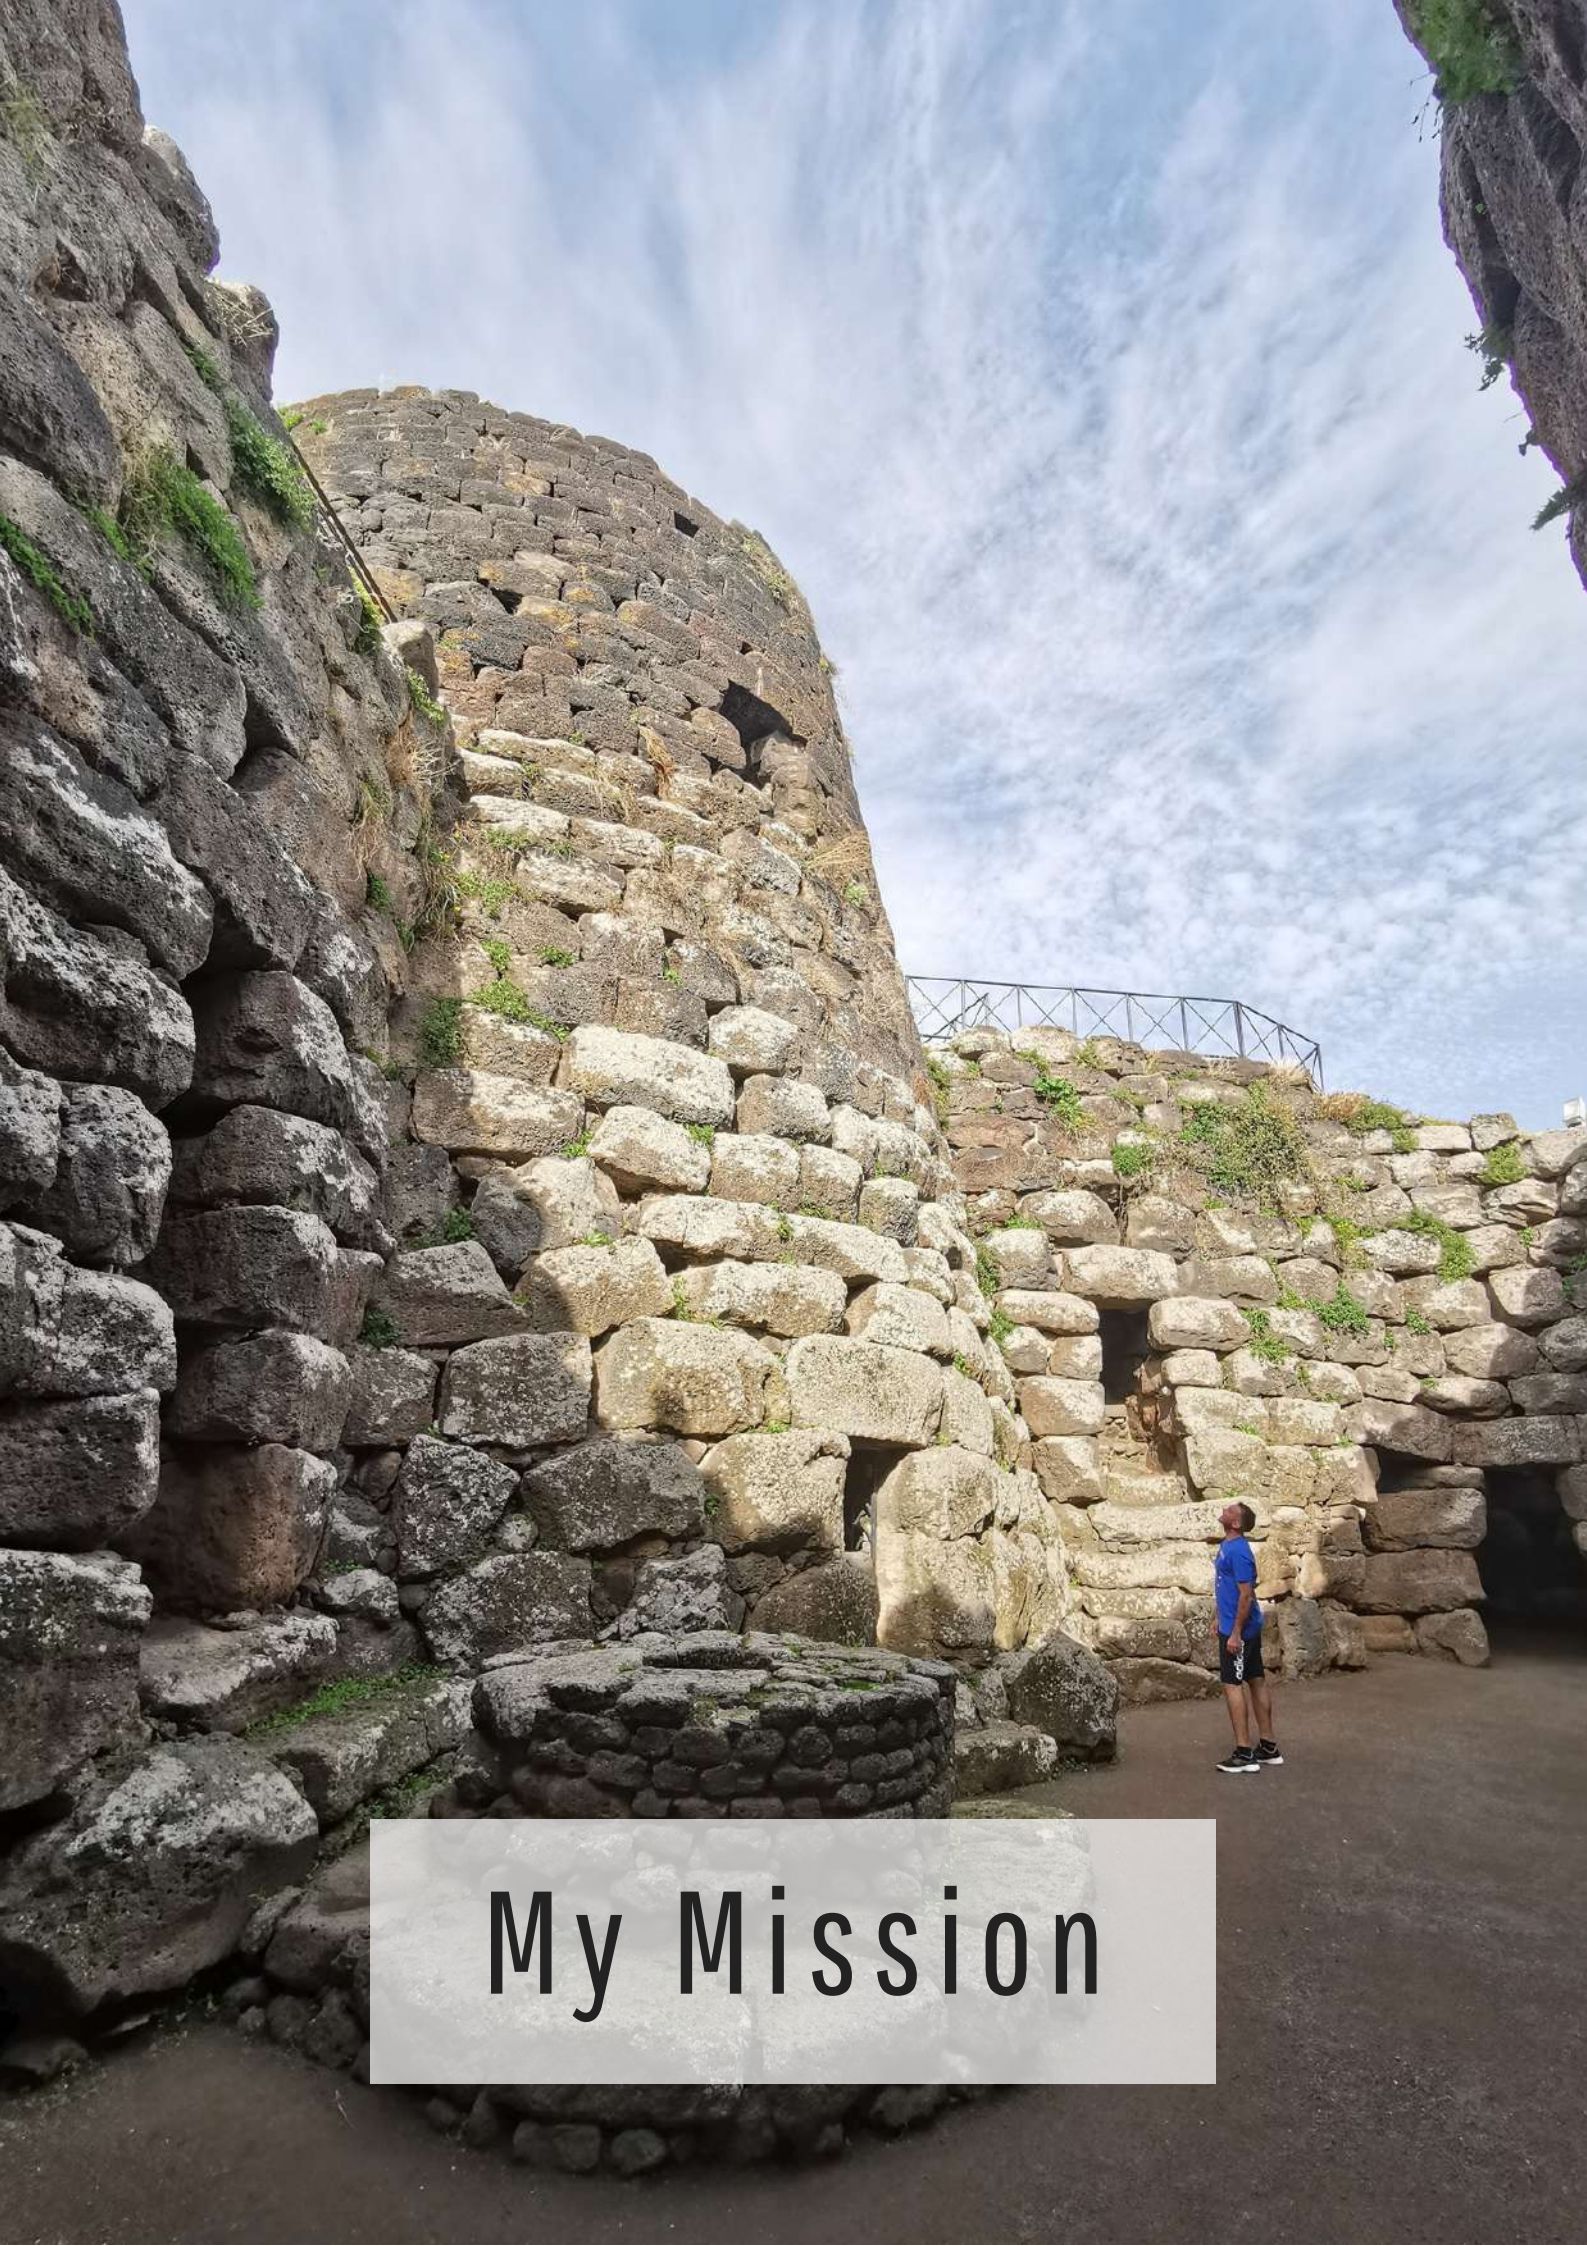

Who is behind

From backpacking around the world to explorer of Sardinian treasures

Behind DRAN Experience, there is me: Davide Fancellu. I graduated in **Marine Biology** at the University of Sassari (Sardinia) in 2008 and studied at the **Cork Institute of Technology** (Ireland) Molecular Biology in 2009. After my degree I lived in **Australia, South east Asia and South America** and it helped me to move my first steps in the tourism market. For many years I worked in different areas, until my attention focused on **Sardinia**, my island, amazing and unexplored. I kept studying and got certificated as **Travel Designer and Hiking Guide** and decided to found **Travel Planner Family**, the first consultancy agency in Sardinia that help people to plan their trip to the island. Passion and love for my land, my soft skills and technical certifications, gave me strength to build one more brand in 2021: **DRAN Experience - Sardinia guided tours.**

★★★★★

Once in a lifetime experience. Davide drove us into the centre of Sardinia to a farmhouse full of fresh produce & the glorious Leonarda who welcomed us like family and treated us to a cooking class & amazing lunch ! Visited another hillside village on the way back full of murals & cultural interest ❤

airbnb

JUSTIN FIELDMAN

★★★★★

This was an incredible full-day experience. Davide is so knowledgeable about marine life and Sardinian culture. He took us to the most exquisite beaches, with very few people on them, where we snorkeled and saw amazing fish and marine life. He then made us a huge fresh platter of breads, meat and cheese, while we lay around in paradise. I couldn't have asked for a better way to spend the day. Skip the crowds, skip the touristy things, and rather spend some time with Davide on this experience - I HIGHLY recommend it.

ROGER SANS

★★★★★

We were 7 people and were very satisfied with the two guides. We can highly recommend this trip to everyone. The kids (Tennies) were thrilled and the Sardinian lunch was delicious. Davide and Giovanna were good hosts and took us to bays that were deserted. We can recommend the trip to everyone.
