ARMENIA

Since inception, 2009, ArmeniYan Style Travel (operated by Loca Travel Company) has brought to life large number of corporate travel products. So far the company has rich background in organizing MICE activities all over Armenia. We have created a wide variety of tailor-made team-building and corporate travel products. Our company provides a full package of corporate travel services, focusing on high quality assurance and competitive prices. Below you can find the main products of teambuilding events created by our company, as well as the whole range of services we offer.

TEAM-BUILDING ACTIVITIES

The effectiveness of the activities of any team directly depends not only on the professionalism and responsibility of each member, but also on its cohesion and unity in achieving goals. The team building program will help to qualitatively improve the main asset of the company, namely its team. Virtually any team can be turned into a reliable and effective resource - this is one of the goals of the teambuilding program and our deep conviction.

TEAM BUILDING QUESTS

Team building activities in the quest format are becoming increasingly popular. And no wonder, because the quest (English quest - search) - one of the main genres of games that require the player to solve the problems to follow the plot. Team building quest is unpredictable and interactive - the plot can be changed depending on the actions of the team of players.

Historical quests

During the historical quests, the participants are not just awaiting for excursions, but exciting adventures in which they will have to perform unusual command tasks. Intermediate goals are associated with certain historical events, famous people or urban legends.

The rich history and colossal cultural heritage of Armenia contributes to the carrying out of historical quests here. Armenia is one of the oldest countries on Earth with a centuries-old culture, as well as the first Christian state in the world.

SEASONALITY - any time of the year / NUMBER OF PARTICIPANTS – Unlimited / DURATION - 1 hour and longer

Photo quest

Photo quests can accompany any tour of the country. The main task of the participants during such events is to correctly guess the object depicted in the photograph or an element of a particular landmark and take a picture of it. And in order to do this the participants will have to be very careful - the tasks can be very tricky.

SEASONALITY - any time of the year / preferably April-October / NUMBER OF PARTICIPANTS – Unlimited / DURATION - 1 hour and longer

Creative quests

Creativity is a wonderful process that brings new colors and bright emotions into life. No doubt that a common case unites people. And the joint performance of creative tasks by colleagues favorably influences the psychological atmosphere in a team, quickly and effectively unites employees and allows them to reveal the creative potential of each participant in a relaxed format.

There is a huge variety of creative team building activities, among which are:

- theatrical team building;
- film marathon;
- music team building;
- dance team building;
- art team building.

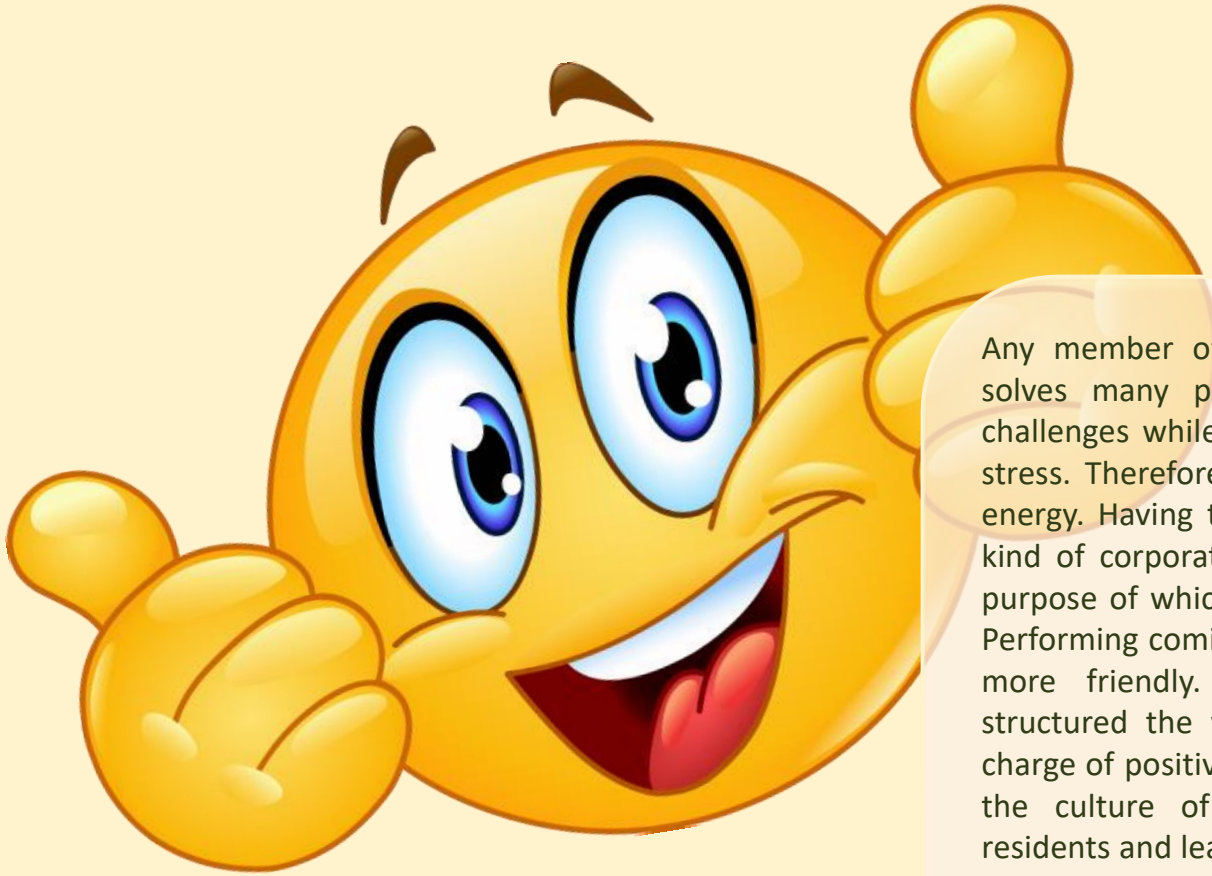

Our company, being engaged in the development of creative quests, takes into consideration the specificities of the activities of the company participating in team building and creates programs aimed at creative self-realization of employees.

Humorous quests

Any member of the organization, performing his work, solves many problems and faces a large number of challenges while being in a state of constant tension and stress. Therefore the staff needs an emission of negative energy. Having this in mind our company offers a special kind of corporate activities - humorous quests, the main purpose of which is the emotional discharge of the team. Performing comic tasks the team is liberated and becomes more friendly. Moreover our humorous quests are structured the way that participants not only receive a charge of positive emotions, but also become familiar with the culture of the country, communicate with local residents and learn national traditions.

CULINARY TEAM-BUILDING

Culinary team building is the most popular among corporate customers and is often used to increase team cohesion and develop participants' creative abilities. As a rule an event consists of the following stages:

Preparatory work: team members fill up their knowledge base, study information about the specificities of cooking a national dish.

Then comes the stage of cooking culinary masterpiece.

Presentation of the dish. This part of the culinary competition is no less important than the actual cooking itself. Members of each team must figure out how to effectively present their creation.

The final stage of the competition - summing up. The most active participants receive prizes from the competent jury, and by the end of the day everyone arranges a joint meal.

EXTREME CORPORATE PROGRAMMES

Besides the fact that Armenia is a country rich in historical monuments here nature itself has created excellent conditions for active leisure. Therefore it is not surprising that in addition to sightseeing tours in Armenia, active and extreme tours are very popular among foreign tourists. Our company organizes a range of extreme corporate programs.

Helicopter flights

Especially for those who like to look at the world from a bird's-eye view we can offer helicopter tours with a duration of 30 minutes. Flights start and end in the territory of Zvartnots airport. This event will not only bring tremendous pleasure and unforgettable feelings but also significantly save time shortening it in half and even triple. Thus, the helicopter will be very convenient for visiting Tatev Monastery and the world's longest reverse cable car Tatever, reducing 5 hours of travel by land transport to 1 hour of flight.

SEASONALITY - any time of the year / NUMBER OF PARTICIPANTS - up to 16 people (three helicopters)

DURATION - 10 minutes and longer

Jeeping tours

Jeeping is a great idea for those who prefer active team building and a memorable way to spend time. Active sports combined with a light element of danger are the main components of a real adventure. Jeeping is an ideal solution for developing employees in the skills of instant decision-making, quick response, the ability to take responsibility for themselves and others, to feel like an independent person and at the same time a member of a cohesive team, as well as for developing courage.

PARAGLIDING

For lovers of the feeling of free flight and the feeling of height paragliding will be the most appropriate type of extreme tourism. It is believed that the second half of summer is the best time for such flights in Armenia. Air flows begin to stabilize in mid-July. But since the autumn is sunny and warm tourists can enjoy flights until the end of October. The abundance of bright colors, the diversity of landscapes and incredible landscapes - all this is an attractive bonus to adrenaline obtained from the flight. If you are inexperienced and doubt the choice of a single flight the safest alternative will be flying on a paragliding tandem. Tandem is designed for the pilot and passenger. In this case, the paraglider will be driven by an experienced pilot, and the tourists will only have to enjoy free flight and admire the beautiful views of the Armenian Highlands.

SEASONALITY - June-October / Number of participants - 4 people at the same time / DURATION - 10-20 minutes

Rock climbing

Rock climbing is a spectacular and exciting sport that can be an excellent basis for a corporate event. Due to its natural terrain Armenia provides ideal conditions for climbing: numerous rock masses and climbs. The main number of equipped climbing routes is located in the area of Areni village and Noravank gorge. For the first time, rock-climbing came here on the dense limestone cliffs of a canyon in the middle of the last century - famous Armenian and Georgian alpinists and climbers trained here. Today there are equipped routes two of which have a length of about 150 meters with modern safety equipment installed on them. In the corporate version the most “democratic” routes are prepared which participants will be able to do with the minimum level of physical fitness.

Ararat cognac factory

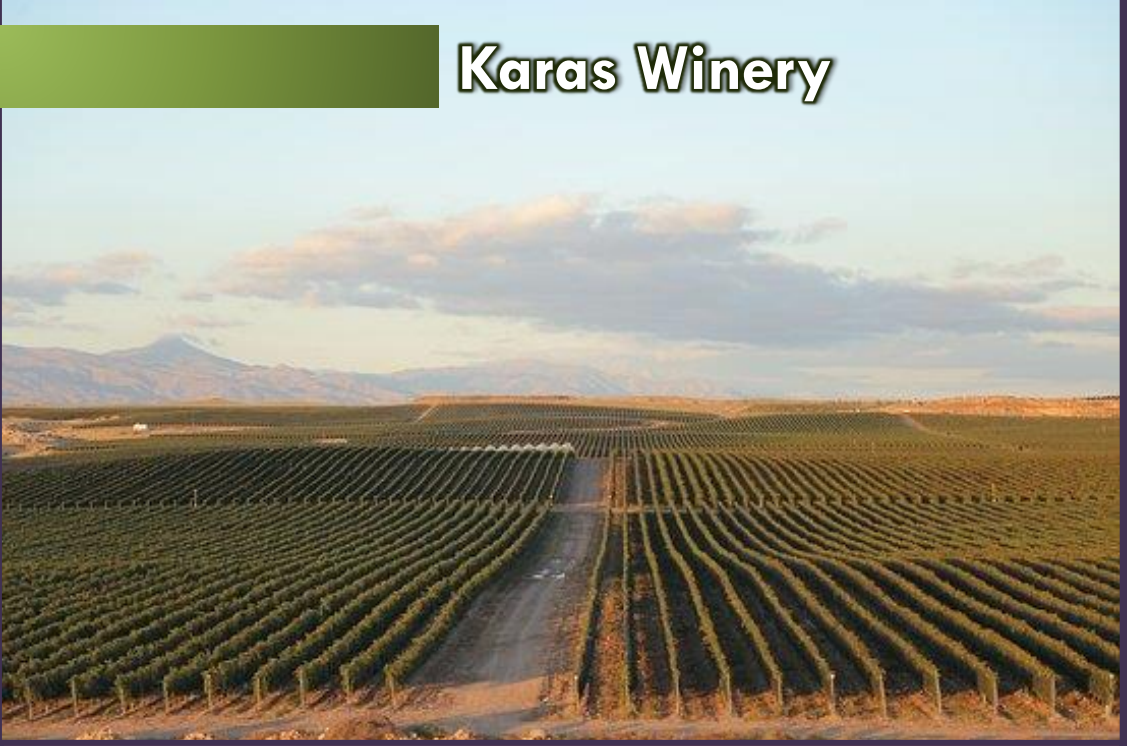

Ararat Cognac Factory Yerevan was founded in 1923. The Soviet era presented the world a whole range of legendary ARARAT cognacs, and to the Yerevan Brandy Company itself - its monumental building on the right bank of the Hrazdan River.

In 1998, Yerevan Brandy Company became part of the Pernod Ricard Group, the world leader in the production of premium alcoholic beverages. Carefully preserving the traditions of Armenian brandy, Pernod Ricard raised the product quality standards to new heights and opened up wide opportunities for development in the international market for ARARAT cognacs.

Here, tourists will have a tour around the plant's territory, in the cellars, and in the "Avenue of Presidents", get acquainted with the cognac manufacturing technology and taste different varieties of Armenian brandy with chocolate.

Karas Winery

Karas Winery is located in the Armavir region, near the Armenian-Turkish border. Karas Wines grows unusual grapes in the Armenian highlands for wine and brandy and is responsible for bringing Armenian wine to the international market with a world-class brand "Karas". An excursion will be organized around the territory of the vineyards and in the winery itself: here the tourists will learn about the history of the brand, about winemaking technology, see the equipment used, and get acquainted with the assortment of wines.

Voskevaz Winery

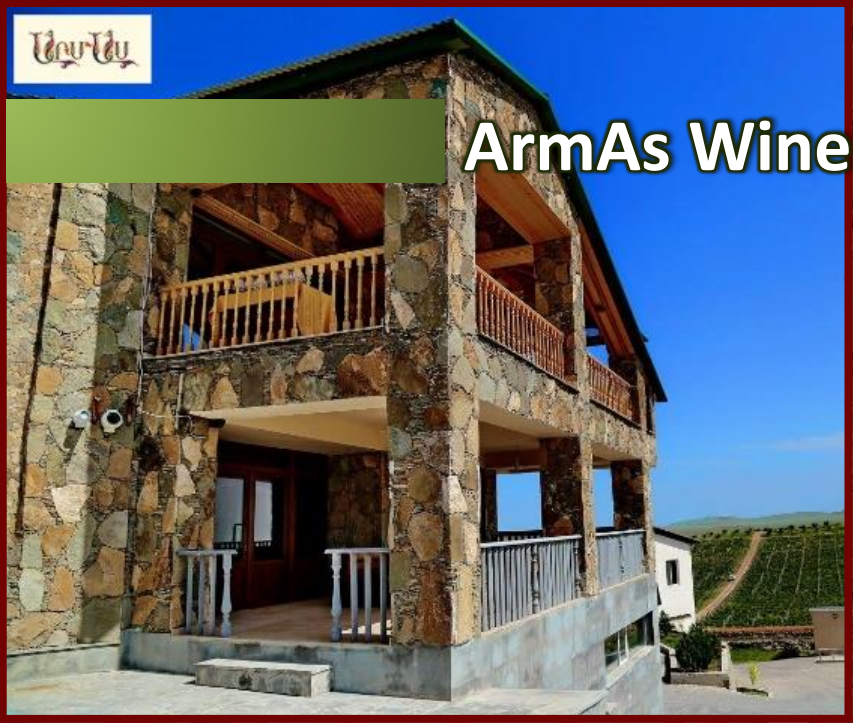

Voskevaz Winery is located in Aragatsotn region of Armenia in the village by the same name - “Voskevaz” (which in Armenian means "golden bunch.“). The winery produces wines both by modern methods and with the use of ancient Karas (a traditional tool for fermentation and aging of wine), which were produced in the 19th century.

All the wines, without exception, reflect the true nature of Armenia. The wines are produced only from local grape varieties and for wine aging are used rare high-quality Armenian oak barrels. In the production of sweet wines in Armenia "Voskevaz Winery" has pioneered the use of wine withering technology.

Here, tourists will take part in a tour in the winery, as well as taste wine with lavash, cheese, and meat.

ArmAs Winery

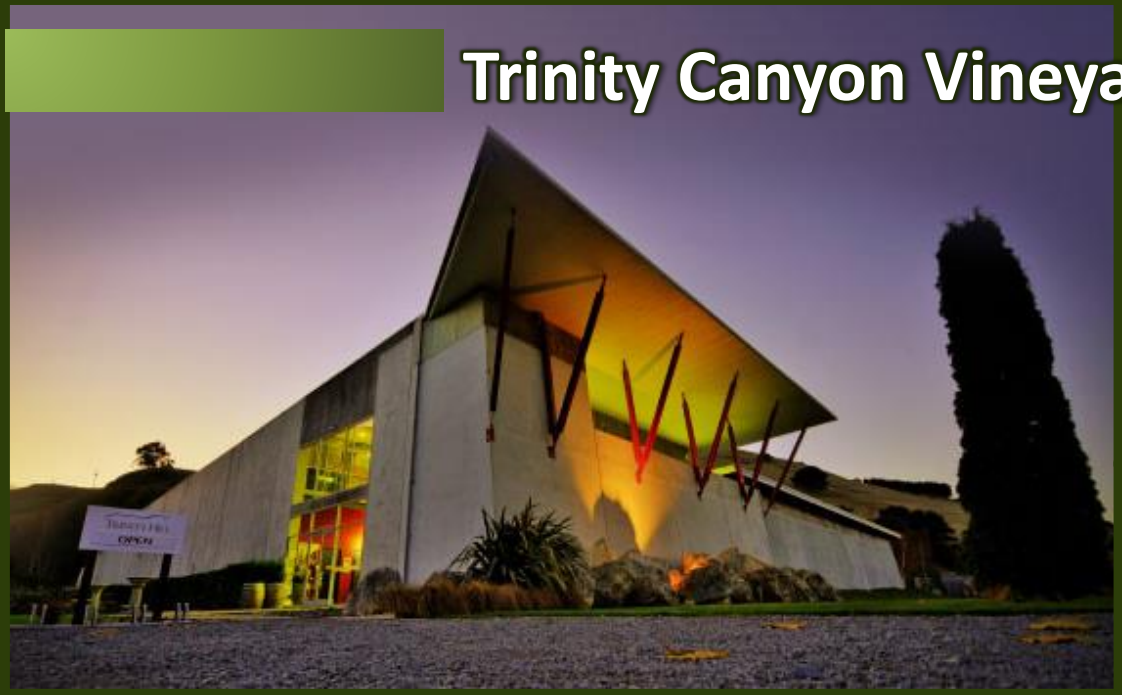

ArmAs is revitalizing Armenia's winemaking legacy by creating elegant wines that stem from one of our country's best natural resources, the idyllic terroir of the vine. It is no coincidence that Armenia, known as the birthplace of the vine, is also the site of the oldest known winemaking ruins dating back to 6,100 years. For its wines ArmAs uses only pure grape juice which gives them the finest natural properties. Tourists will be engaged in an educational tour which begins with a walk along one hundred and eighty hectares of magnificent vineyards and orchards. At the end of the excursion visitors will be able to taste premium-class wines in the tasting room of ArmAs overlooking to the majestic Mount Ararat.

Trinity Canyon Vineyards

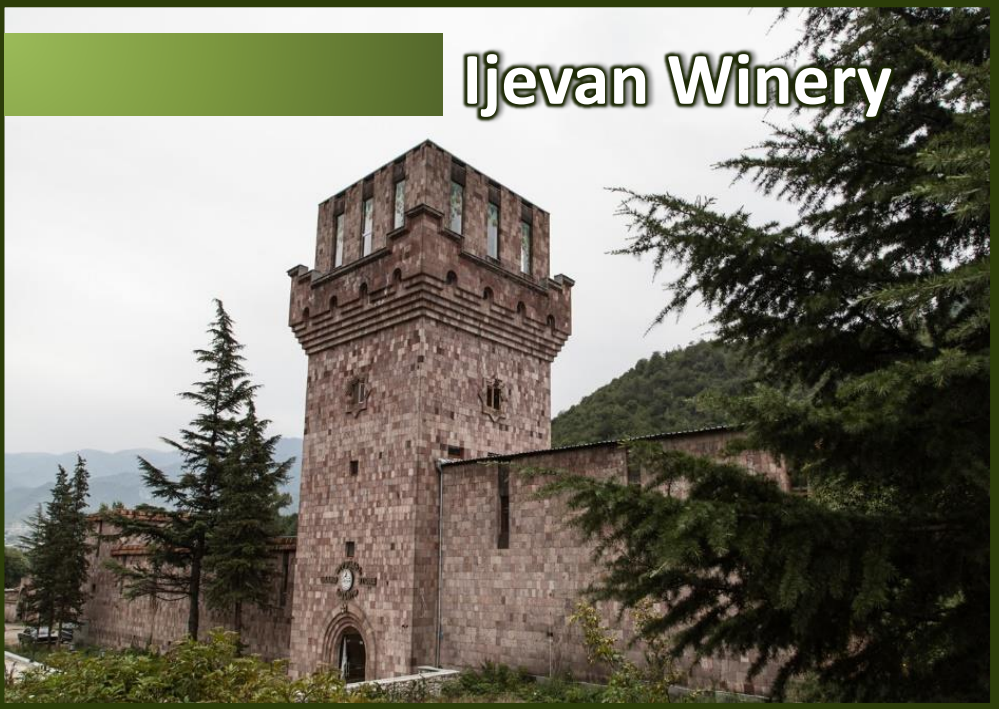

The history of Trinity Canyon Vineyard began in 2009, when three wine-inspired and determined wine lovers decided to take a step into the mysterious world of the art of winemaking. Having found support among a group of enthusiastic winegrowers and winemakers they laid a unique vineyard in the mountains of Vayots Dzor, on the territory adjacent to one of the oldest wine-growing regions in the world. They were engaged in winemaking more than 6,100 years ago. Trinity wines are full of faith of Armenian winemakers, traditions and legends.

Here tourists can expect a cultural wine tasting with a brief overview of Armenian winemaking traditions and the introduction of Trinity organic winemaking philosophy. Cheese and lavash will be served during wine tasting.

Ijevan Winery

The Ijevan wine-brandy factory is located in the city of Ijevan, in the Tavush region. This is one of the first wineries in Armenia, which was founded under the Soviet regime in 1951 with the aim of supplying the Ararat Trest and the Yerevan Champagne Factory with cognac and champagne wine materials. Today the Ijevan Wine-Cognac Factory produces high-quality cognacs, grape and fruit wines, fruit vodka and a wide range of canned products. A tour in the plant's territory will be organized for tourists, during which the history of the plant as well as its production activities and product range will be presented to tourists. Tourists will visit the wine cellar, a collection wine cellar, and a cognac aging workshop. After the excursion wine and brandy tasting will be organiszed, during which lavash and cheese platter will be served.

BUISNESS TRIPS

Being an important component of business development, business trips are simply obliged to be organised with accuracy of hours. Employees of our company will take care of building up efficient logistics with minimal costs, guide you through the infrastructure of hotels and conference facilities, work out all the details. Armenia has a wide variety of venues for business events: hotels and business centres, concert and exhibition halls, theaters and cultural centers. You can also organise an event in the cinema hall in the heart of the city.
