Whether it's for a time-sensitive project or for an emergency, we will meet the logistical demands of your requirements regardless of how complex they are.

Sports Clubs & Teams

Traveling to games, tournaments & events is a huge part in every sport. From international football club charters to handball, cricket, and basketball teams.

We understand that traveling with a large team can be challenging and that is why we go above and beyond to ensure that our clients' needs are met from the moment they enquire about sports team charter flights, throughout all the planning stages through to the execution of the flight.

Music Tours

To maintain credibility and popularity, musicians have to get involved in tours and public appearances all over the world. Travel is a necessary but highly demanding part of their job. At Unnamra Aviation We understand that the music industry is a dynamic and fast paced business.

We study every aspect of your trip including evaluating flight time, drive time between airport, venue and hotel, airport opening and closing times, and the 'out-of-hours' availability of customs and immigration staff, we understand all these challenges and know how to minimize the inconveniences.

Medical Evacuation

Medevac is the fastest and most efficient method of transporting people needing immediate medical attention. Medevac is basically an aero-medical emergency transport service that saves lives by saving on time.

Medevac is used for the critically ill and for people who cannot travel long distances because of age, limited mobility or illness. Medevac is also useful for people living in remote locations or areas of difficult access where suitable medical facilities are not available.

Medevac aircraft are fully-fledged air ambulances with complete medical equipment including an ICU, oxygen, doctors and emergency operating facilities and more.

We have access to extensive online database and expertise around the world to provide our clients with Air Ambulance Aircraft suited to the condition and requirements of the patient.

Contact us today to receive your instant charter quote. We are committed to find you rapid and tailor-made air cargo charter solutions, as well as providing support for clients worldwide in need of strategic transportation assistance.

Aircraft Sales & Acquisition

The acquisition of an aircraft can be a daunting process with so many options to choose from with regard to aircraft type, acquiring finance, maintenance & facility options, choice of airports to use as a base, and jurisdiction in which to register a special purpose vehicle.

We will guide you through the entire process and impart our knowledge gained through our sales team’s extensive experience within the aviation industry.

When it comes to sales, we ensure you are at the center of every decision. It is imperative that you receive the best value for your aircraft, our team will take care of the rest.

Aircraft Lease

Our aircraft leasing services provide lease solutions that enable our clients to use aircraft over an extended period of time without the financial burden of an outright purchase.

We offer leasing on an ACMI or dry lease basis. An ACMI lease arrangement enables our clients to pay an hourly rate which includes crew, maintenance, and insurance.

Variable costs apply for crew accommodation, fuel, landing and parking expenses. This provides a considerable saving in comparison to bulk hourly agreements in which variable costs are charged at the rate of the highest cost destination.

Leasing an aircraft allows our clients the benefits of ownership without the financial burden of a depreciating asset. Clients have the freedom to upgrade the aircraft intermittently without having to go through the sales process.

Many clients also find that leasing enables them the freedom to be discreet about personal wealth while enjoying all the benefits of aircraft ownership. Unnamra Aviation is dedicated to finding a solution that works for you.
