VOLUNTEER PROGRAM WITH HORIZONTES

Meetings by Horizontes can organize special Volunteer Programs in different areas of our country, through Fundacion Horizontes. We have the experience to create once in a lifetime experiences between communities and people who wants to help in projects that will be beneficial to Costa Ricans.

For Volunteer Programs we can include themes for social assistance collaborating in the restoration of recreational centers, interacting with students and seniors; we can also provide options related to environmental issues such as labeling plants and trees at National Park, beach cleaning, caring for animals in shelters, among others.

Fundación Horizontes

Pasión por la vida

Horizontes Foundation is non profit, private organization. It was created in 2009 as the result of the responsibility and commitment of Horizontes Nature Tours, with the purpose of promoting funds for projects that can help solve or minimize problems related to the environment and social issues of the country.

The foundation is legally registered, focused in supporting initiatives that benefit the Costa Ricans, the environment and the local cultures. We design and implement projects in a responsible way to strengthen the development of the society and the biodiversity in a sustainable way

aiming to produce positive impacts. At Horizontes Foundation we are passionate about life in all its shapes thus, we develop projects that show love and respect for life.

We work with a serious commitment with the social and environmental development of our country.

- Empowering Women
- Sustainable Tourism
- Supporting National Parks
- Waste Management

HORIZONTES FOUNDATION

At Horizontes Foundation we can help organizations to develop financial, social and environmental projects with the purpose of developing sustainability.
