About The Company

YOUR MESSAGE, OUR MISSION

OMEGA GROUP
A Live Comunications, Production, Design & Marketing Company

Omega Group was founded as a marketing and advertising company in April 1987, offering a wide variety of services to support companies to achieve their objectives through extensive research and field studies, producing quantifiable and positive results; optimizing their resources.

After the opening of **Expo Guadalajara** in 1987 the display, congress and exhibition industry has experienced an exponential growth. Based on this premise, **Omega Group** begins to focus on this market, becoming a design and a exhibition solutions company itself.

LAGO Network

Display Producer - International Pavilions - General Contractor - A/V - Printing Services - Image Consulting

About The Company

ALL LATIN AMERICAN NETWORK

LAGO Network, for the last 8 years, has been developed as a full service company that works as the one and only network for projects located in Latin America. We provide our services through our different facilities located in:

Flooring Systems - A&P Distribution in Mexico

About The Company

EXHIBITION FLOORING SYSTEMS

For over **7 years TSE** has been the company in charge of design and construction of platforms for cars, scenographies and automotive agencies.

TSE is the only oficial distributor of Art & Press Flooring Systems in Mexico and Latin America. **Art & Press** was created as the only system patented for scaffolds for booths, stages, and automative agencies platforms.

Thanks to its modular design, **A&P** reduces assembly times drastically and guarantees our customers their safety.
