I'd like to give you more detailed feedback on my horse ride trip. First I want to point out - I had one of the best days of my life. It was just the perfect day, the views were beautiful and I had an amazing time with the guide as well. I am impressed by how they work. Customer comes first it's not only an advert or a saying in their beliefs, they do LIVE that. They answer you day and night. I booked a transfer and the driver was incredibly friendly and knew so much about the history of Kosovo which was so important to me as a tourist. I am very happy with my choice to book with Balkan Destination and I can really recommend this Tour Operator. I will definitely book again next time I am traveling to Balkans.

The motivation to see Kosovo was to tick off the last country in Europe which I have not seen with our expecting much. To my huge surprise and after these four days trip I have to confess, that Kosovo is a very interesting country from a scenic, cultural, historical, and infrastructural point of view. Also, the general service and knowledge of our guide were impressive. Congratulation to Balkan Destination and the country for what they have achieved since their real Independence of less than 20 years and massive civil war!
