Our DMC Services

We are the leading adventure tour operator in Jordan and work with international tour companies and travel agents of all sizes. Find out more about our inbound tour services below!

White Label Tours (For Tour Companies)

We work with several of the world's leading adventure, experiential, and luxury tour agents as the local operator of their own branded tours. On these tours, we handle the local logistics while the agent usually handles customer communication and marketing.

Commission on our Tours (For Tour Companies & Travel Agents)

We offer Travel Agents and Tour Companies commission on our small-group, set departure tours. Your clients will join other travelers who booked through us and others on an amazing adventure. They will have a social experience and a trip they won't forget.

Our Specialties

We specialize in small-group adventure tours and higher-end experiential tours in Jordan, as well as sightseeing tours.

Best Adventure Tour Operator in Jordan

For adventures in Jordan, we specialize in hiking and cycling. We are the adventure pioneers who helped create the Jordan Trail and created the Jordan Bike Trail. For more on our contributions to these trails see the following links: Jordan Bike Trail, Jordan Trail.

- **Hiking:**

We frequently provide support services for treks along the Jordan Trail and through Jordan's wet canyons. Canyons in Jordan are usually referred to by their Arabic name "wadi," with two examples being Wadi Hasa and Wadi Hidan.

- **Cycling:**

We love adventure rides along the Jordan Bike Trail, as well as trips along Jordan's great road cycling routes. As mentioned, we created the Jordan Bike Trail ourselves, so no one knows bike routes in Jordan better than us.

Our Specialties

Experts in Experiential Tours in Jordan

Given our adventurous nature, we are always searching for the next great experience. Working with communities all throughout Jordan, we have trialed tons of local experiences and developed some as well!

Want a meal or to stay a night in a local family home? Want to participate in a community project or have a nice activity for your kids? We love incorporating local experiences into our tours!

We've Become Leaders in Luxury Tours in Jordan

We started in adventure and then our high attention to detail, reliability, professionalism, and superior products led us to provide inbound services to several high-end agents.

We aim to be your trusted, capable, and easy-to-work-with partners on the other side of the world.

Why Partner with us

- **Leaders in adventure, experiential, and luxury tours of Jordan**

- **We operate regional sightseeing tours without a hitch**

- **Professional Services**

  It can be hard to find a reliable business partner on the other side of the world, especially in a place like Jordan. You don't have to worry with us. We have high standards, high expectations, and are a company you can trust.

- **Adventurous and Professional Guides**

  A guide is your local expert, leader, comedian, storyteller, and perhaps the most important part of your tour. We have helped train several tour guides in adventure and in our high standards for years. We see it as a win-win-win, we and you get access to the best guides and they get greater opportunities.

Why Partner with us

- **Expert Local Knowledge**

  Many tour companies can arrange a taxi to Petra, but our team of adventurers have visited, hiked, and cycled through Jordan's wilderness helping to create the Jordan Trail, creating the Jordan Bike Trail, and always searching for the next great experience.

- **Friendly and Knowledgeable Tour Designers**

  Our staff who work with you are our alpha team, each with experience and a keen attention to detail.

- **Sustainability & Social Responsibility**

  At Experience Jordan Adventures we are committed that the experiences we offer help to protect the environment and create wealth and better futures for communities across Jordan.
