Sport & Leisure GOLF

Golf, 3 km from the Hotel. Located in the natural oasis of Conca, is the ideal place to play sports, relax, and enjoy the amazing setting. Have a great game experience on our 18-hole (par 70) course and improve your game on the 9-hole executive course or the driving range equipped with covered stations, two putting greens, pitches and bunker greens.

The championship 18-hole par 70 course at Riviera Golf Club was designed to enhance golfers' technical game with all levels of experience. The distinctive feature of the course is the game strategy required. Holes 1 to 6 and 16 to 18, designed by the architect Luigi Rota Caremoli, are in the Conca Park. The architect designed the fairways to be in harmony with the natural landscape. The game is easier for players with high HCP, whereas it is more technical for players with low HCP.

Holes 7 to 15 bear the signature of the famous Canadian architect Graham Cooke and are designed in the American style, with long, wide fairways and greens. The course demands an intense game in the natural setting of Valle del Conca. No golfer could get bored with such a variety and choice of game. Featuring multiple tees, players of all levels can challenge their technical abilities.

An executive 9-hole course completes the offer.
