Revolutionizing Awards Management

Between 2018 and 2022, Evessio's has seen revenue transactions through the platform increase by **3,108%**

Between 2018 and 2022, the total number of website users across all hosted event websites grew from **1,099,066** to **7,358,275**—an impressive **1,762%** increase. This astounding surge in user numbers accumulated to a total of **20,465,051** website users over the four-year period.

"By using Evessio we were able to grow our first event with them by 30% from the previous year! This was achieved as Evessio provides the tools and insight to know where everyone is in the process from initial interest to completion of entries or bookings making it easy to manage and ensure no potential attendee, nominee or purchaser is missed. We now use them for all our awards."

-TES Global

Between 2018 and 2022, the total number of website users grew by an impressive **1,762%** to over **20million users**.
