Vine, Wine & Cyprus Cuisine 5d/4n

Overview

Cyprus has one of the oldest civilisations in the Mediterranean, as evidenced by the many fascinating cultural sights, museums, monuments, and galleries. The island is rich in culture, shaped over its 10,000 year-long history by the civilizations of its past rulers: Mycenaeans, Phoenicians, Assyrians, Egyptians, Romans, Franks, Venetians, Ottomans and British. Thus, the unique culture of Cyprus has been influenced both by the West and the East. The tour is designed in such a way to give to the participants a bit of the best of Cyprus in terms of history, culture, and all-important landmarks.
