HOTEL

750 m²

The largest suite in Latin America, now brings all the Brazilian bossa for its decoration in a project signed by Estúdio Penha.

THE LARGEST IN LATIN AMERICA

Estúdio Penha

The innovative project, developed by the award-winning **Estúdio Penha**, led by Vitor Penha, highlights the naturalness and sophistication of the environment with every detail.

BRASILIDADE

SUSTAINABILITY

- This new concept was inspired by Brazilian contemporaneity that, through earthy tones and natural materials, such as linen and cotton, reveals a sophistication refuge in the vibrant capital of São Paulo.
- The choice of materials also suggests a touch of sustainability: part of the furniture was developed from demolition wood, and several pieces are signed by Brazilian designers with copyrighted works, reinforcing authenticity and comfort in a very natural way.
