Chairman of the board and
CEO of Alaedin Travel

Thanks to 7,000 years of history and having some of the most amazing natural attractions of our planet, Iran is certainly one of the must-see destinations that should not be missed by any enthusiastic traveler. However, only a small fraction of Iran's tourism market has been actualized. The most hindering barrier is the shadow that decades of rocky politics have cast on the fame of Persia; a shadow which can be eliminated and illuminated only by the extraordinary experience of tourists who have already shed the stereotypes and have applied for a mesmerizing trip to this astonishing land. Such a goal can only be achieved by having a qualified, positive, reliable and well-resourced partner in Iran. This is the reason for establishment of Alaedin Travel.

Alaedin Travel

Founded by my lifelong companion and me on the verge of 2017, Alaedin Travel is based upon two decades of our experience in the field of tour management, to provide excellence in a wide range of travel services.
Many years of journey and leading scores of tours have made us most acquainted with our homeland and accompanying foreign travelers in Tehran, Shiraz, Esfahan, Yazd, Kerman, Tabriz, and other cities has left us a treasure chest of sweet memories. From 2005 to 2009 I gained valuable experiences as the CEO of Gogad Co. Next, in 2010, I founded Marcopolo Iran-touring Company, which provided travel services to American, European, and Asian tourists. The ITB in Berlin, FITUR in Madrid, VAKANTIEBEURS in Utrecht, FERIEN in Vienna, TOP RESA in Paris, EMITT in Istanbul, BIT in Milano, COTTM in Beijing and ATM in Dubai were some of the international venues where we had active presence and delivered services to thousands of foreign tourists. Now, I would like to introduce Alaedin Travel brand to the international tourism industry as the face of the most qualified services they look for.
At Alaedin, my marketing and operating teams are by your side with better services than ever.

Qualified Youth

Those who begin now will succeed in the future Iranian tourism market. More than 50 qualified young experts in the field of tourism have gathered in Alaedin to depart from the old chlichés and conduct most professional performances by using novel knowledge-based ideas. Our considerable financial resources, many years of experience, and sincere and close connections with all the hotels and travel facilities in Iran are of course invaluable assets; yet, the innovative ideas and creative activities are what make Alaedin Travel stand out.

One Thousand and One Nights

Among the folk tales of One Thousand and One Nights, which originate from 2500 years of Iranian and Indian culture, Alaedin and his magic lamp are familiar characters. By choosing the name Alaedin Travel as an internationally registered trademark, we hope to take part in your memorable adventures, and be the Genie who makes your wishes come true.

On the Web
