Abu Dhabi
The emirate of Abu Dhabi is the largest of the United Arab Emirates. It is home to the country's capital - Abu Dhabi city - and the seat of the Federal Government. Abu Dhabi city was founded by tribesmen who followed a gazelle to discover fresh water there named. Its name means 'father of the gazelle.' Today, this original fishing village is now surrounded by large gardens and parks with tree lined boulevards and sophisticated high-rise buildings.

Dubai
Dubai is the second largest of the seven Emirates that make up the United Arab Emirates, located at the crossroads of Asia, Europe and Africa.
Over the past 3 decades Dubai has transformed itself from pearl diving and fishing village into a dynamic international business centre with gleaming skyscrapers and luxury hotels. Today, Dubai is undoubtedly one of the world's most exciting new travel destinations offering year round sunshine and a generous choice of leisure activities.

Fujairah
Nestled between the lunar landscapes of the Hajar Mountains, with 70 kilometres of sandy coasts, the emirate of Fujairah is blessed with unspoilt natural beauty. Free from the pressures of modern city living, Fujairah is the kind of place that makes people want to stay back.

Sharjah
Art and culture are dominant influences in Sharjah, and its universities, libraries, museums and mosques celebrate a heritage that has evolved over many centuries. In 1998, Sharjah was named 'Cultural Capital of the Arab World' by UNESCO. The emirate is home to over 30 museums and heritage sites, including the largest arts museum in the region. Particular points of interest are the Archaeological Museum, the Arts Area and the fascinating Arts Square where poetry and calligraphy are brought to life in a traditional setting.

Umm Al Quwain
Its Arabic name, Mother of Two Powers, refers to Umm Al Quwain's indomitable power over both land and sea. And its location on a narrow peninsula of sand jutting north from the road linking Sharjah to Ras Al Khaimah lends it many charms.
The emirate's key attractions include historical sites, ancient forts, a natural reserve with many species of birds, deer and rare flora, and a multi-million dollar water park. The most important archaeological sites are Al Madar, Ed Dur, and Tell Abraq which lies on the border with Sharjah.

Ras Al Khaimah
Surrounded by sea, desert, and mountains, this land boasts a plethora of white beaches, blue seas, fertile plains, forests and farms, thermal springs, rugged mountains and red dunes. Combining adventure with relaxation is the central theme of Ras Al Khaimah's tourism industry, and visitors can take in historic landmarks, stunning scenery and desert wildlife, just as they can enjoy a game of golf or try adventures in the desert or on water.
