«Baku is the city of winds. There is no such city as Baku in Europe. Proceeding from its land, sea, buildings, construction, fish, forest animals, insects, reptiles and relief Baku can be considered as the capital of Asia».

Alexandre Dumas (1859, famous French writer and traveller)

Sunny Capital - Baku

Baku is one of the most beautiful cities in the world, located at the crossroads of Europe and Asia. Modernist architectural structures harmoniously intertwine with medieval buildings and monuments of antiquity. Going to the local bazaar early in the morning, you can buy handmade carpet here, to taste dishes of traditional Azerbaijani cuisine for lunch, and in the evening to visit trendy bars and clubs, and admire the futuristic skyscrapers "Flame Towers".
