A MIXTURE OF EVERYTHING!

AMMAN

Amman, the capital of Jordan, is a fascinating city of contrasts – a unique blend of old and new, ideally situated on a hilly area between the desert and the fertile Jordan Valley.

In the commercial heart of the city, ultra-modern buildings, hotels, smart restaurants, art galleries and boutiques rub shoulders comfortably with traditional coffee shops and tiny artisans\' workshops. Everywhere there is evidence of the city's older past.

LARGEST ROMAN CITY OUTSIDE OF ROME

JERASH

Jerash lies on a plain surrounded by hilly wooded areas and fertile basins. Conquered by General Pompey in 63 BC, it came under Roman rule and was one of the ten great Roman cities of the Decapolis League.

The modern city of Jerash can be found to the east of the ruins. While the old and new share a city wall, careful preservation and planning has seen the city itself develop well away from the ruins so there is no encroachment on the sites of old.

THE OLDEST ISLAMIC HERITAGE

MADABA

Madaba is one of the most memorable places in the Holy Land. After passing through a string of ancient sites, the first city you reach is Madaba, known as the “City of Mosaics. “Best known for its spectacular Byzantine and Umayyad mosaics, Madaba is home to the famous 6th century Mosaic Map of Jerusalem and the Holy Land. With two million pieces of vividly colored local stone, it depicts hills and valleys, villages and towns as far as the Nile Delta.

MOUNT NEBO

Also within the area is Mount Nebo, one of the most revered holy sites of Jordan and the place where Moses was buried. A small Byzantine church was built there by early Christians, which has been expanded into a vast complex. During his visit to Jordan in 2000, the Late Pope John Paul II held a sermon here that was attended by some 20,000 faithful.

THE LOWEST POINT ON EARTH

THE DEAD SEA

The lowest point on Earth (over 400m /1,312 ft. below sea level), and without a doubt one of the world's most fascinating areas. the Jordan Rift Valley is a dramatic, beautiful landscape, and the water at the Dead Sea is characterized by a dense, rich, cocktail of salts and minerals that supply industry, agriculture and medicine with some of its finest products. The Dead Sea has evolved into a major hub of both religious and health & wellness tourism in the region, and offers good roads, excellent hotels with spa and fitness facilities, as well as archaeological and spiritual discoveries make this region as enticing to today's international visitors.

PETRA

THE ROSE-RED CITY

One of the world's seven wonders with giant red mountains and vast mausoleums of a departed race, has nothing in common with modern civilization. Petra (The Rose-red City),is Jordan's most valuable treasure and greatest tourist attraction. Petra is a enormous, unique city, carved into the sheer dusky pink rock face by the Nabataeans, an industrious Arab people who settled here more than 2000 years ago. Entrance to the city is through the Siq, a narrow gorge over 1km in length, which at the end of, a glimpse of Al-Khazneh (Treasury) is caught.
