

WOLFGANG **RIEBE**

CALL IT WHAT YOU LIKE...

MODERATOR | EMCEE | LINK MAN

In today's "seen it all" conference market, you not only need a Link Man that's **versatile** enough to **adapt and change** around **your requirements**, but someone who can offer you a unique experience irrespective of any un-foreseen happenings, plus have fun at the same time. He understands how to read and capture his audience, and has been described as an emcee with a funny, yet '**warm, commanding presence**'! Of course, if you are hosting a formal black tie event requiring a sophisticated presenter who adheres strictly to the protocol of the evening, he'll be flawless.

FLUENT IN ENGLISH, GERMAN & AFRIKAANS!

DID YOU KNOW?

It is often wrongly assumed that most speakers and entertainers can take on the role of emcee. Nothing could be further from the truth! Delivering a well-choreographed, rehearsed performance is completely different to stand-ing on stage and having to think on your feet, handling any eventuality, plus more importantly, realising that as a host, it is not about you, but about the company and people you welcome onto stage.

"Thanks for your attendance of our meeting on Tuesday. By all accounts all went very well and our members enjoyed your performance tremendously. Your MC of the LOS awards was superb." SPAR
