All our activites can be personalized according to client needs, and can be complemented with different activities.

TOURS - LISBON

Lisbon must be seen by the river too. And that's why we manage a lot of activities that can be developed by boat on Tagus River.

Among the activities that we provide the most popular ones are the River Treasure Hunt (with speed boats) and the Regattas (with sailing boats).

Your groups can also simply enjoy a relaxed boat trip along the river, and have a snack and a drink aboard.

TOURS - SINTRA - 4x4

Sintra is known as the most misterious place in Portugal, being full of misticism and some amazing old buildings.

In this activity the group will enjoy an amazing tour throught Sintra area by jeep, the group will be divided in jeeps that will follow the same circuit, and making some stops at Sintra's most iconic places, including a stop to taste Sintra most popular pastry - Travesseiros de Sintra.

The tour can end at a wine cellar for a wine tasting experience, and the jeeps will take the group back to their accommodation.

This is a very versatile activity, where we can include a lot of team building activities like tresure hunt, rally-papers, slide, rapel, etc… This is a great suggestion for adventurous groups.

TOURS - COUNTRYSIDE - ALENTEJO

Another of our popular destination is placed at Portugal countryside - Alentejo, more precisely, Montargil.

This place is a functional farm with more than 500 hectares, with several dams in it's area. The farm is 10 minutes away from Hotel Montargil Lago & Villas, an amazing 5 star hotel surronded by nature, and less than 2 hours away from Lisbon.

This can also be combined with a tour to Évora, where the group can visit the UNESCO site Diana´s Temple and also several wineries and vineyards in the region.

HERE ARE SOME EXAMPLES:

- Canoeing
- BTT
- Horse riding
- Survival meals
- Water ski
- Bird watching
- Water tubing
- Glamping

TOURS - PORTO

Overlooking the Douro River, Porto is one of the most ancient European cities, stemming from the northern bank of the river during the Middle Ages. One of the most significant aspects of Porto and its historical center is its surrounding landscape, the steep river banks providing a dramatic setting for old town. Both the streets next to the river and the surrounding countryside have been classified as a World Heritage sites by UNESCO.
Discovering Porto is full of surprises: beautifully cobbled streets (what other country uses white stone instead of white paint to demarcate the pedestrian crossings?) and typical shops retain the feel of a bygone era whilst contemporary architecture jumps out in surprising places.

YOU WILL FIND:

- Monuments, museums and galleries – wonder at the work of the local architect, Siza Vieira, in the Serralves modern art gallery and then eat one of their renowned chocolate brownies.
- Porto's best-known export: delicious Port wine (Vinho do Porto).
- Amazing and Beautiful tours on the Douro River with opportunity to see the vineyards

GLAMPING - GLAMOROUS CAMPING

Glamping is the new way of camping.

While glamping you can enjoy the conventional camping with a totally new level of confort, in a relax and fun environment.

These spacious tents can be mounted close to the dams and are the perfect accommodation for bootcamps, or countryside activities that envolve survival dinners.

The environment is perfect to gather the group around a fire pit at night, helping to develop a stronger relation between guests.
