LIVE EVENT PRODUCTION

Bring your conferences and events to life with tailored AV solutions. Whether it’s an intimate gathering or a large-scale conference, #Obviously is here to deliver precision and professionalism. We provide the equipment, expertise, and support to ensure flawless execution and a memorable experience.

From initial consultation to final production, our team collaborates closely with you, crafting solutions that meet your unique needs. We offer free consultations and site assessments to design the ideal package. Our experienced AV technicians handle setup and operation, providing seamless support from start to finish.

HIGH-QUALITY AUDIO

Create an Emotional Connection with Your Audience Through Sound

We offer a diverse range of professional-grade microphones, including versatile gooseneck models for lecterns, convenient wireless handhelds, and discreet ear-hook options–each carefully chosen for exceptional clarity and reliability. When paired with our premium AUDIOFOCUS sound systems, these microphones ensure crystal-clear audio that resonates throughout your entire venue.

Our state-of-the-art speakers provide powerful, high-impact sound with enhanced bass, delivering immersive audio experiences that bring music, keynote addresses, and video segments to life. This creates an engaging atmosphere that captures the attention of your audience at every moment.

To ensure inclusivity, we also provide assisted hearing systems, ensuring that every guest, regardless of their hearing abilities, can fully engage with and enjoy the event.

DYNAMIC LIGHTING

Elevate your event with customized stage and ambient lighting that enhances visual appeal and creates an immersive atmosphere. Our lighting options–ranging from soft stage lights to subtle ambient effects–highlight key moments and align with your brand's color scheme. Expertly positioned by our skilled technicians, our lighting solutions transform your venue into a captivating, high-impact space perfect for conferences, galas, and corporate events.

VIDEO DISTRIBUTION & PRODUCTION

Seamless video production and display solutions

Our cutting-edge video production equipment ensures that every display led screen at your event showcases seamless, engaging content. With smooth transitions between holding slides, presentations, videos, and live camera feeds, we keep every moment visually captivating. We offer synchronised broadcasting to all screens for cohesive visuals or customised content on individual displays as needed, providing a versatile and tailored experience.

Additionally, our high-resolution video displays create an impactful visual experience, delivering sharp, vibrant content that will enhance the overall event atmosphere. Incorporating repeater screens guarantees clear visibility from every seat, maximising audience engagement and elevating the conference experience.

CUSTOM STAGE SETS WITH BRANDED VISUALS

We design custom stage sets that reflect your brand, blending printed media with advanced AV elements like rear projection screens and dynamic displays. Our full-service graphic design and video content creation includes branded backdrops, banners, holding slides, and lectern graphics, delivering a cohesive and impactful experience for your audience.

BESPOKE EVENT PRODUCTION FOR AWARDS CEREMONIES

Bringing your awards night to life with stunning, tailored AV production services.

Whether you're planning a low-key awards evening or an extravagant gala dinner, EPLC by Obviously Events can bring your vision to life. We supply the necessary equipment and expert technical knowledge and assistance needed to ensure your awards night will be a great success and an unforgettable experience for all in attendance.

Our team will work with you from the consultation and design stages, through to the final production, ensuring you receive a bespoke event tailored to your needs. We offer free, no-obligation consultations and site visits, where we will survey the venue and discuss your requirements, to create the ideal package to make your vision reality.

Our highly experienced AV technicians will be on-site to set up and operate all AV equipment, and provide general technical support throughout the rehearsals and during the event itself.

WE CONTINUOUSLY INVEST IN NEW TRENDS AND TECHNOLOGIES.

AUDIOFOCUS

Proudly present two franchises that redefine auditory perfection in Mauritius

AUDIOFOCUS Equipment

AUDIOFOCUS puts exceptional audio quality within reach for rental companies and venues. For the last 20 years our mission has been the creation of high-performance loudspeakers without the unrealistic price tag to match. Today, AUDIOFOCUS is a global challenger with a rock-solid product range that we are proud to stack against any of the high-end speaker brands.

Over the months and years ahead we aim to further redefine value and performance in professional loudspeakers.

We have assembled a world-class R&D network, bringing together 25 of the brightest sparks and most creative minds in the industry to drive the development of a whole new generation of leading-edge loudspeakers. Smarter design, agile workflows and new techniques are empowering us to strip out unnecessary costs and focus our energies on the aspects that truly make a difference to loudspeaker performance and longevity.

AUDIOFOCUS

Meyer Sound Audio Equipment

A Belief that Inspired a Company - Meyer Sound was founded in 1979 to create the best sonic experiences possible, built on scientific innovation and quality engineering. At the heart is a passion for quality, ensuring that every paper cone, circuit board, and driver is handcrafted to meet our extremely demanding standard.

We continuously analyze production methods and material selection and exercise exhaustive quality control behind the legendary unit-to-unit consistency, reliability, and longevity of Meyer Sound products. The end result? Pure, honest sound.
