About Luxury Private Car Morocco

Luxury Private car Morocco is your private driver service that provides professional chauffeur services in Morocco. We offer airport transfers, private and shared car services, group transfers, group tours and excursions. Our Chauffeurs are fully licensed and experienced .

OUR STORY

This company started out small, but our CEO's big dreams and even bigger work ethic has helped it reach an international level. It all started with a cab that made regular stops at the train station and airport. Our CEO used this opportunity to get to know potential customers and get their feedback so he could make his dream a reality.

Missouri Transport started with just four vehicles - a sedan, van and a minibus. We've come a long way since then, and we're proud to say that we're one of the most trusted names in transportation!

We have cooperated with many agencies like Orien Trek, Travelling, S Tours and Air companies like Royal Air Maroc doing Crew transfer and with Swissport as well. We are confident in our ability to provide a high-quality service that meets the needs of our clients.

the company has made a great investment in the purchase of 48-seater buses for large circuits and major events such as La musique sacree a fez. With this purchase,the business will now be able to transport larger groups of people safely and efficiently to and from these events. This is a great benefit for both the company and its customers, as it will make attending these events much more convenient and enjoyable.

We have started to operate in the international market and we have had our first regulatory line from Fez to Girona in Spain and a second line from Oujda to Bordeaux in France.

We were working on the international and tourism sectors,and have increased our fleet of vehicles to accommodate the growing demand for our services.

We have decided to move our company headquarters from Fez to Marrakech in order to better focus on the tourism sector. This was a difficult decision, but we feel that it was the best option for our company. We are excited about this new chapter and what it will mean for our business.

It's been a difficult year for many of us, as we have had to stop or slow down most of our operations due to the outbreak of the coronavirus. We understand that this has been a shock to almost everyone, but we want to remind you that we are always looking towards the future.

It's been a difficult year for many of us, as we have had to stop or slow down most of our operations due to the outbreak of the coronavirus. We understand that this has been a shock to almost everyone, but we want to remind you that we are always looking towards the future.
