Judith Ihle Project Manager at Landesmesse Stuttgart GmbH

This was our first time launching a project in Tehran and we chose the delightful team at Iran Doostan MICE Services to assist our clients. The attention to detail of the team blew me away and the support in the end became 24/7. They went beyond what was expected to ensure our event was a success and all our clients had a seamless stay in Tehran. I highly recommend the team to anyone planning to bring Internationals into Iran.

Rachel Wilson Experience Director at Terrapinn Middle East Fz LLc

On behalf of Euro Lloyd DFB Travel, we would like to let you know how much we appreciated the international friendly match in Tehran in October 2004.
In addition to the German National team and the official delegation of the German football Association (DFB), you had been entrusted with looking after the needs of a great number of DFB sponsors and supporters, as well as German media representatives.
In terms of both planning and implementing the visit, you manage to meet all of our request, many of which the way our stay was handled: efficiency, competently and always with a friendly smile.
The great hospitality show by your Tehran staff contributed to making the trip a resounding success
