A “Go Discover” brand

Nexit DMC is a brand created within the Go Discover group and was established to add a new business area that previously didn’t exist in the group: Incoming!

Go Discover is a travel agency with over 18 years of experience in the tourism sector, and throughout our history, we have brought together a team of skilled, dynamic, and dedicated professionals capable of organizing and planning all types of trips. We believe that only through different travel experiences and concepts can we meet the needs of our travelers, which is why we innovate and create partnerships that allow us to grow as a company and as professionals.

In addition to leisure travel, Go Discover also has a MICE department specialized in turning your company's moments into an unforgettable experience.
