MADRID”

WHO WE ARE

Madrid International Events is a highly specialized agency dedicated exclusively to supporting international companies that choose Madrid to host their corporate events, meetings, and incentive programs. Our sole focus is delivering exceptional event experiences in the Spanish capital—because Madrid is what we know best.

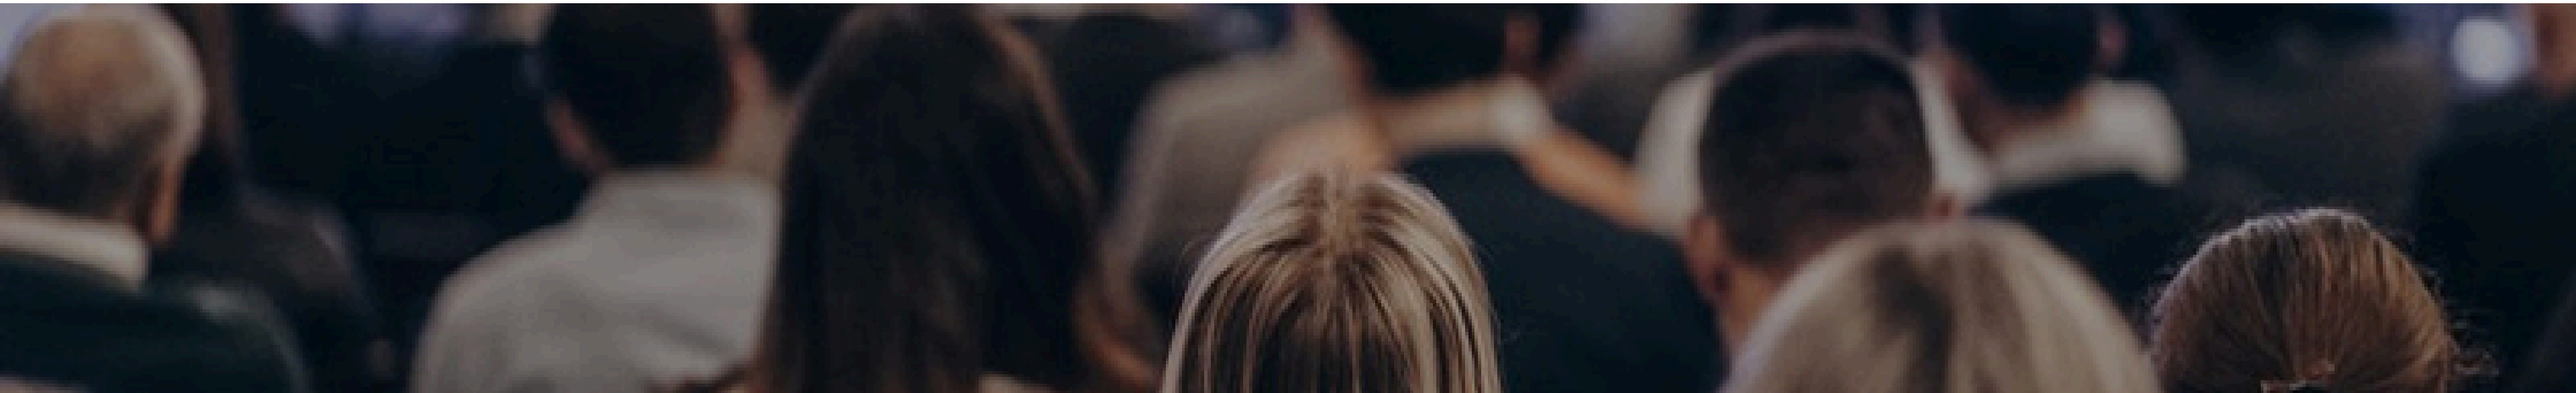

WHAT WE DO

We support international companies in planning and coordinating all logistical aspects of their corporate events in Madrid. Our services cover both the full organization of hosted corporate events—including meetings, incentives, and conferences—and the coordination of group logistics for companies traveling to Madrid to attend third-party events and international congresses.

In both cases, we manage venues, hotels, transportation, activities, and on-site coordination, ensuring every operational detail is handled efficiently and seamlessly, whether you are hosting your own event or attending an existing one.

OUR FOCUS

Our work is defined by specialization. We do not operate in other cities, and we do not manage other types of events. We focus 100% on corporate events in Madrid—allowing us to offer deep local knowledge, trusted supplier relationships, and precise execution that generalist agencies cannot match.
We are not a creative or communications agency; we focus on what we do best: organizing and coordinating everything needed to deliver successful events.

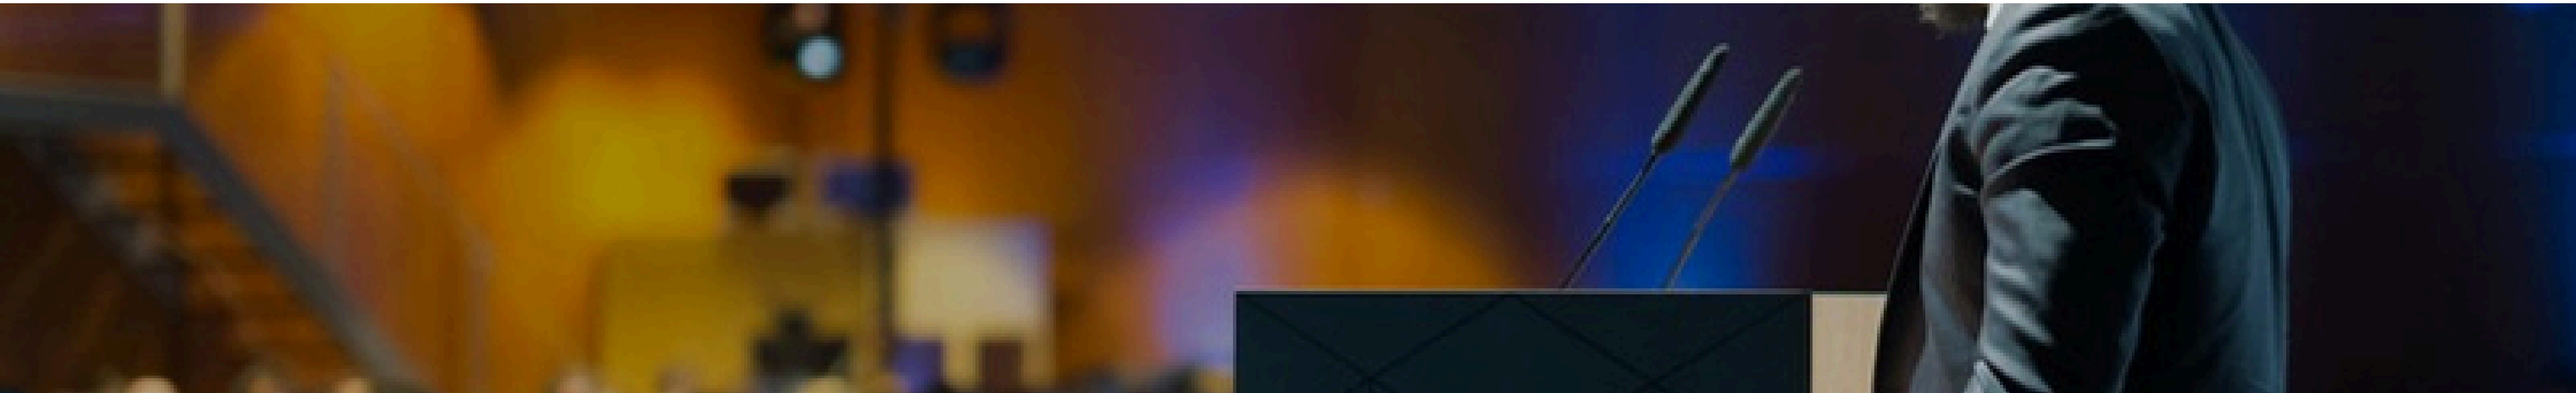

“WE KNOW THE CITY.
WE KNOW THE
INDUSTRY”

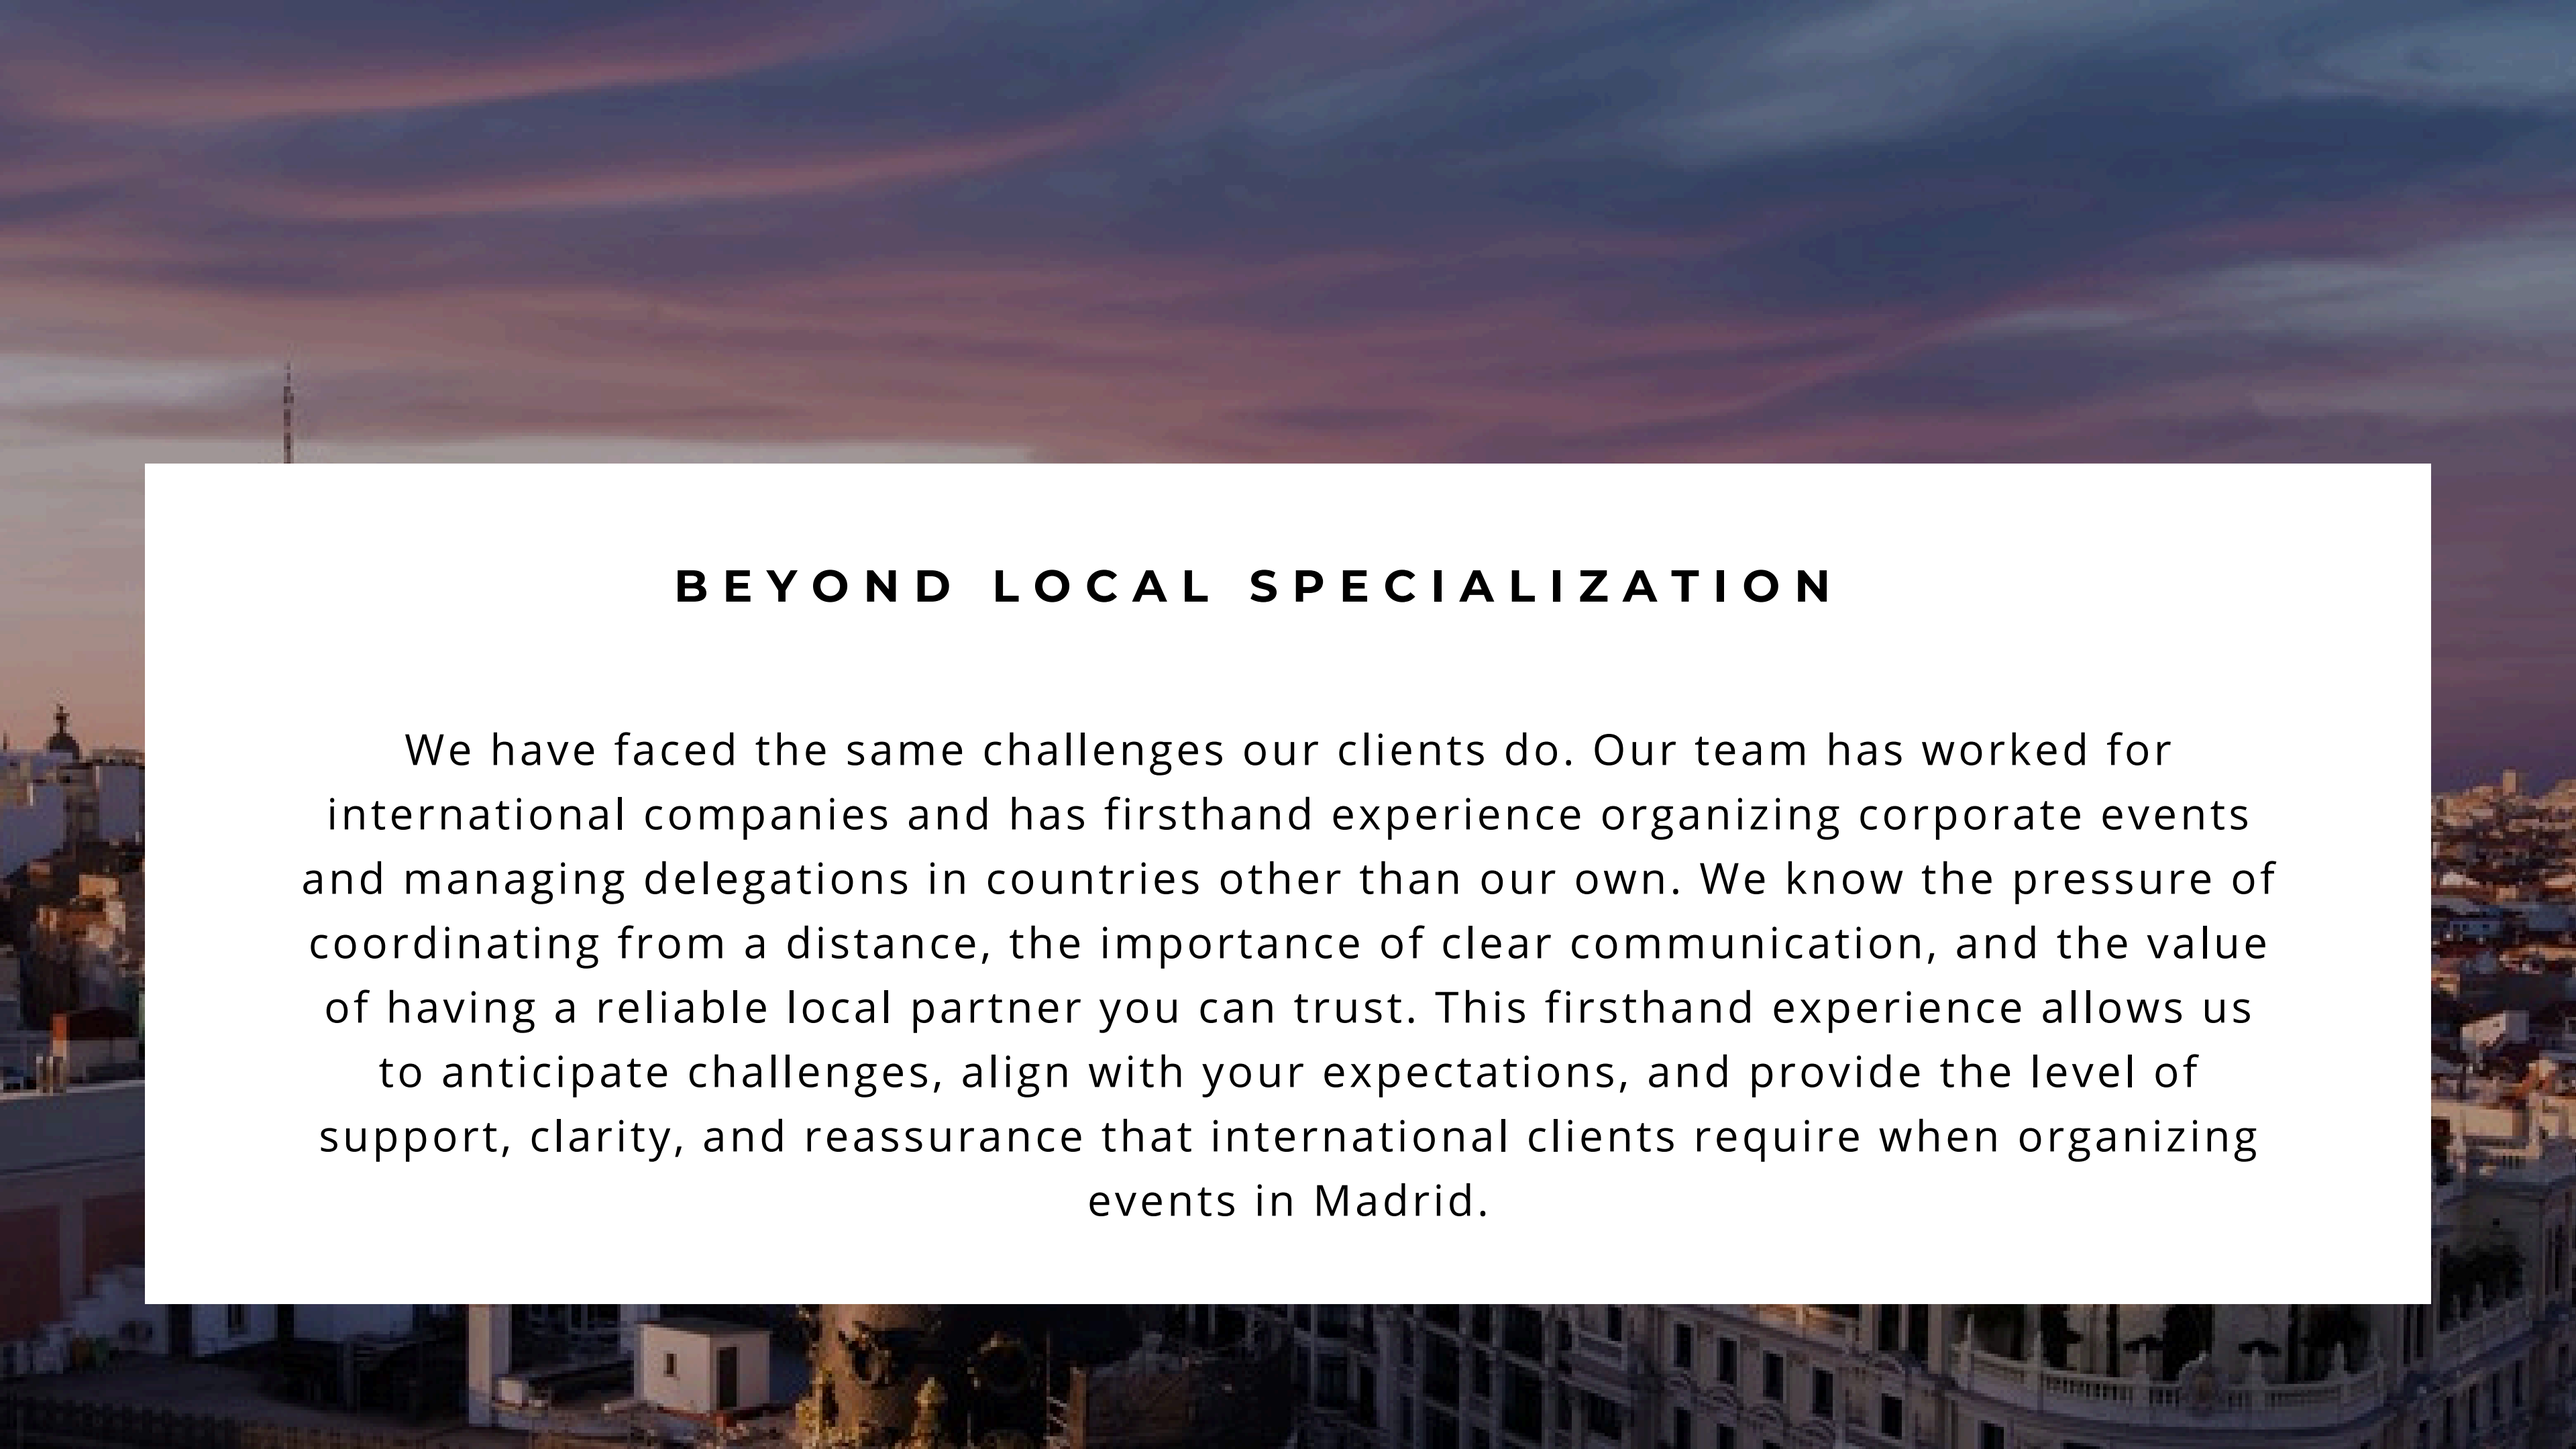

OUR EXPERTISE

More than 10 years of experience organizing events in Madrid.

Trusted by international companies to deliver high-standard corporate events.

Our team combines formal event education with hands-on experience in events.

BEYOND LOCAL SPECIALIZATION

We have faced the same challenges our clients do. Our team has worked for international companies and has firsthand experience organizing corporate events and managing delegations in countries other than our own. We know the pressure of coordinating from a distance, the importance of clear communication, and the value of having a reliable local partner you can trust. This firsthand experience allows us to anticipate challenges, align with your expectations, and provide the level of support, clarity, and reassurance that international clients require when organizing events in Madrid.
