Cit Global
DESTINATION MANAGEMENT COMPANY

Founded in May 2019, from a spin-off of the former Citur Dmc, **CIT GLOBAL DMC** is celebrating its 5th anniversary of activity. Taking advantage of the former experience, knowledge, and reputation in over 30 years in tourism, **we are one of the main Incoming Tourism Players in the Portuguese & Spanish Markets.**

In 2022 it was decided that was time to introduce a company rebranding and a stunning new design. Representing the dynamic of the company in all areas, from the work it has been carried out in the FIT department (Free Independent Tourist), and in M&I (Meeting Industry), our refreshed brand identity embodies **our commitment to innovation, excellence, and high quality of services** to be offered.

The concept our brand, **From there to Portugal & Spain**, expresses all the movement generated by the flows of tourists who **visit us in the Iberian Peninsula**, connecting clients to services, as well as innovation through new ideas and programs produced by our team.
