OUR STORY

The relationship between hospitality and our family started very back in time when our grand grand grand father was given his surname. Our family name "Chantzis" means hotelier in Greek. It comes from “chani" [χάνι] which means inn or hotel.

After many years in the cloths retailing, cloths and textile manufacturing and commerce Themis Chantzis and his young family discovered a hidden gem of the Mediterranean which meant to change their lives for even and become their haven for the years to follow. During their family holidays in 1999, a friend of them invited to discover Komitsa Bay. It was an isolated beach, 5 klm away from the nearest village with no inhabitants and majestic natural beauty.

When they arrived they were amazed by the treasure they had found and they decided to buy a small plot to build their family summer house. Then they decided to build a couple more houses to have some friends around and some years later they created one of the biggest real estate projects of summer villas for sale in Greece with 100 villas called Ktima Chantzi.

In 2015 as an expansion of Ktima Chantzi they decided to create a Avaton Luxury Beach Resort where people coming from all over the world could to discover Komitsa Bay and experience the Art of living well at Holy Mount Athos area.

Today, Natalia & Panos Chantzis who are the kids of Themis Chantzis manage the resort and are always on premises to warmly welcome you in their home. As Mr Themis Chantzis says: ‘After spending so many years of my life and watching my own kids growing up in this place that I have fully developed, welcoming guests in our resort feels more like welcoming them in our own home”.
