# Our fleet - Your drivers

Concerned by the environment impact, our vehicles are in accordance with the European standards (Euro 6) and with the low CO2 emissions.
All vehicles in the fleet are late-model : all under 3 years old with all the safety and comfortable options, non-smoking vehicles.

The Road Risk Management begins at the recruitment. All our chauffeurs must hold a valid private hire license before they can begin work.
Along the year, they are following a training program covers a variety of subjects as customer care, accident prevention training, vehicle safety training….
for your comfort and your safety.

They are all fluent English and some of them speak German, Italian, Spanish, Portuguese, Russian …..
