KENYA
8-NIGHTS

DESTINATION

KENYA

Kenya, officially the Republic of Kenya is a country in Africa and a founding member of the East African Community (EAC). Its capital and largest city is Nairobi. Kenya covers 581,309 km2 (224,445 sq mi), and had a population of approximately 48 million people in January 2017. The capital, Nairobi, is a regional commercial hub. The economy of Kenya is the largest by GDP in East and Central Africa. [9][10] Agriculture is a major employer; the country traditionally exports tea and coffee and has more recently begun to export fresh flowers to Europe. The service industry is also a major economic driver. Additionally, Kenya is a member of the East African Community trading bloc.

Throughout World War II, Kenya was an important source of manpower and agriculture for the United Kingdom. Kenya itself was the site of fighting between Allied forces and Italian troops in 1940–41 when Italian forces invaded. Wajir and Malindi were bombed as well.

From October 1952 to December 1959, Kenya was in a state of emergency arising from the Mau Mau rebellion against British rule. The Colony of Kenya and the Protectorate of Kenya each came to an end on 12 December 1963 with independence being conferred on all of Kenya. Exactly 12 months later on 12 December 1964, Kenya became a republic under the name “Republic of Kenya”
