ABOUT

The Transportation Provider Behind Your Program

Avante Global Chauffeur Services is the transportation provider behind group programs in Vancouver and Whistler. We work for DMCs, meeting planners, PCOs and incentive houses as their local ground partner.

We build the program's transportation manifest, update it in real time as flights and timings change, and provide professional greeters at YVR and at venues — with on-site coordination for large movements.

Based at 1133 W Hastings Street in downtown Vancouver and operating since 2017, Avante provides 24/7 dispatch and a single point of contact for every program.
