Having someone available at any time to share their expertise, conduct quick searches for hotel venues, provide extensive reporting and follow up has made all the difference. I enjoyed the feeling that our business was as important to Global Cynergies as it was to us. Whether they are used for a small board meeting or a larger event, they deliver every time.."

Jihane K. Rohrbacker, Executive Director
SPECIAL NEEDS ALLIANCE

"On several occasions we asked Global Cynergies to find space for a major global conference, and we only gave a few days to do it. GC found rooms and the perfect venue for 1,200 people – including multiple ballrooms, breakout space, sponsor areas, and a large exhibit space – within one day! The speed and professionalism of Global Cynergies is unsurpassed in the industry."

"Our Learning & Development team is rather small; by 'outsourcing' our venue selection and event planning we are able to use that time for more strategic projects, bringing added value to our internal customers. I will continue to recommend your services to my colleagues and also utilize them myself when there is a need."
