SBC 중소기업진흥공단 이사장

Certified Venture Company_SBC

Dear Mr. Young-tae KIM,

Back in Belgium after our successful economic mission to the Republic of Korea, presided over by HRH Princess Astrid, I would like to take the opportunity to congratulate Traesco for the outstanding cooperation we could benefit from your company.

The Belgian Foreign Trade Agency, in charge of the organisation of the important Belgian economic missions, traditionally works with a Belgian travel agency and a local transport company to facilitate the logistical challenges that we face during such a mission with more than 250 participants. For this mission the Belgian travel agency BCD decided to work closely with Traesco for all transportation matters.

I am so pleased that the cooperation between BCD and Traesco was really excellent!

In particular I would like to thank Mrs. Sindy Cho who acted as transport coordinator for this economic mission.

Not only during the mission itself, but from the early start with the pre-mission begin April 2017 and the venue of the advance team from June 1st onwards, she played an active role in the success of our mission.

Her tenacity, her unbelievable workforce, her organisational talents and 24/24 hrs availability: BCD, my Agency and myself were really spoiled!

Moreover what stroked us all was her kindness and willingness to help everybody, even in matters not related to transport ! Protocol of MOFA and the Korean security constantly were in contact with her to be sure all was perfectly under control.

All this , day after day, even being so tired after the accumulation of days (from June 2nd till June 17th), she always did with the smile !

Really, Traesco is very fortunate to have Mrs Sindy Sho among their working force . And the Belgian Foreign Trade Agency was so fortunate to have her as our transport coordinator.

So let me thank you once more for the perfect service we could benefit from Traesco.

Yours sincerely,

Marc Bogaerts

SEOUL MICE ALLIANCE

Seoul MICE Alliance

The Seoul MICE Alliance (SMA), a partnership between government agencies and private sector organizations, was formed to enhance the city's global business events competitiveness. The Seoul MICE Alliance is operated by the city of Seoul and the Seoul Tourism Organization, with the joint aim of better promoting Seoul's meetings infrastructure and advantages to buyers around the world.

Companies participating in the SMA receive support for taking part in overseas meetings industry exhibitions, road shows, conferences and meetings of international organizations, while working closely with the city of Seoul to carry out overseas marketing activities. In addition, new promotion product packages will be created to help underpin the city's efforts to attract high quality business events. Event planners and organizers that utilize SMA member companies receive additional benefits if they obtain public assistance in attracting, holding and promoting events.

SEOUL METROPOLITAN GOVERNMENT

Seoul TOURISM ORGANIZATION
