CITY TOUR AND EXPERIENCE AGENCY

BUSINESS AND LEISURE IN SÃO PAULO.

São Paulo, the most surprising city in Brazil.

São Paulo is a dynamic city, a rich metropolis, mostly known to foreign tourists as a business hub that revolves around corporate events. But, this city has more than just one face.

It's known for its **cuisine**, a world renowned mix of tropical flavors and exciting ingredients from around the globe. It's **modern urban art**, focused on Brazilian values, has been a trend-setter in the art scene for quite some time. Its diverse **music scene**—which features everything from samba to rock&roll—is the envy of every other major city. And don't even get us started on all the **parks and various green spaces** hidden throughout every nook and cranny of the city.

Wherever you walk, there is always something new, waiting to be discovered—and we want to share it with you!

Bem São Paulo, a DMC's and experience tourism agency, has come up with a compelling, new way to get to know the city.
