We are Unit Elements

A creative agency for any event in Spain.

We live each event as a unique opportunity to communicate, because we know that if a message doesn't move you, if it isn't felt or doesn't leave a mark, then it is lost along the way.

Therefore, either from our specialized departments, working with the best experts or having coffee in our offices in Barcelona and Madrid, we are excited to find the appropriate creative idea for each event.

We know what to do

Connecting brands and people with unique experiences.

We believe in experiences that surprise, seduce and last to connect with our target.

Accompanying our clients to ensure a successful event, down to every little detail.

Developing tailor-made projects, in any country, to transmit powerful emotions.

Many things

Tell us what you need and we will find the best solution

There are as many types of events as there are customer needs, and it is difficult to label them all. But if we had to make a quick list these would be some of the events we organize:

- Sales conventions
- Incentives trips, congresses and conferences
- Product Launches / inaugurations
- Audiovisual productions
- Creativity and graphic design
- Press conferences and marketing events
- Web and Mobile marketing
- Team Building Activities
- Large-scale events
- CSR Strategy and activities
- promotional campaigns
- booth design and ephemeral architecture
- roadshows
- Street marketing
- Experience marketing
- locations searching
- And much more!

Helping you in your success

Do you have to organize an event in Spain and find it difficult to do from another country?

At Unit Elements we can help you organize the event, find the best activity, a photographer, an audiovisual montage or production or just to decorate a room.

OUR CLIENTS

They already know about our good ideas.
