

COMPANY PROFILE

ICCA MEMBER

MCO is an Abu Dhabi based healthcare event-management company committed to organize quality medical conferences, training workshops & health events throughout the Middle East.

We are a leading organization which facilitates the healthcare community to meet, network, learn and deliberate upon the critical challenges facing the industry.

MCO leverages upon the experience gained through years of organizing healthcare conferences, trainings, CME programs and events. With vast knowledge of local issues support and guidance from local stakeholders and KOL advisors we bring together state of the art conferences and medical events.

With over 6 years of experience of organizing more than 100 conferences, MCO has emerged as the leader in healthcare events and is respected in the region for its pioneering work in bringing all stake holders in the healthcare ecosystem together to discuss healthcare in a holistic & meaningful manner.

At MCO, we value our partners, who enable us to put the conferences together by incorporating their precious input in developing the theme, content and program of the events.

Dr. Mohammed Abuelkhair
Chief Executive Officer
MCO

The Premier Healthcare Event Management Organization In The Region

THE MISSION

To facilitate the promotion & dissemination of medical knowledge & healthcare deliberations through meaningful stake holder
engagement

THE VISION

To be the Premier Healthcare Event Management Organization in the Region

OUR VALUES

To be the Premier Healthcare Event Management Organization in the Region

OUR COMMITMENT

Produce independent, unbiased, cutting-edge heath conferences.

Provide a rich learning & networking environment to all participants.

Deliver the highest standards in event management that exceeds the expectations of our partners.

Leveraging the experience gained through years of healthcare conferencing, training, CME programs...

We engage the most renowned speakers who are considered an authorities in their specialty and play a leadership role in healthcare

Our strategic partnerships with international organizations such as the American Pharmacist Association (APhA), Academy of Managed Care Pharmacy (AMCP), AHIMA, United Kingdom Clinical Pharmacy Association as well as local authorities including Health Authority Abu Dhabi (HAAD), Zayed university, etc provide us a significant advantage in building state-of-the art conferences which offer the latest, evidence-based and well researched content for the participants.

MCO conference producers have the ability to listen, learn and develop programs in line with the expectations of the industry that it serves.

We realize that medical knowledge is increasing at an exponential pace and that health issues are challenging our population in an unprecedented manner, hence the urgent need of meaningful interactions between all stake holders of the healthcare ecosystem

Our vast network of advisors, scientific committees and regulatory feedback allow us to offer the right program to the right audience at the right time. We have become a highly-trusted provider of events in the region which is unmatched in this industry. We are constantly developing new ways of delivering programs to the region that will enable better interaction, access to information and strategic overviews of the healthcare industry
