WANDERLUSTERS

[collector of experiences. not things]

We are Marina Antonija & Marija, owners of the Wanderlust Events agency.
Wanderlust is defined as: a strong desire to travel and explore the world. In sociology, wanderlust is defined more specifically by someone who is wanting to have more experiences, instead of merely wandering and traveling to relax. We live by our name and this is what represents us.

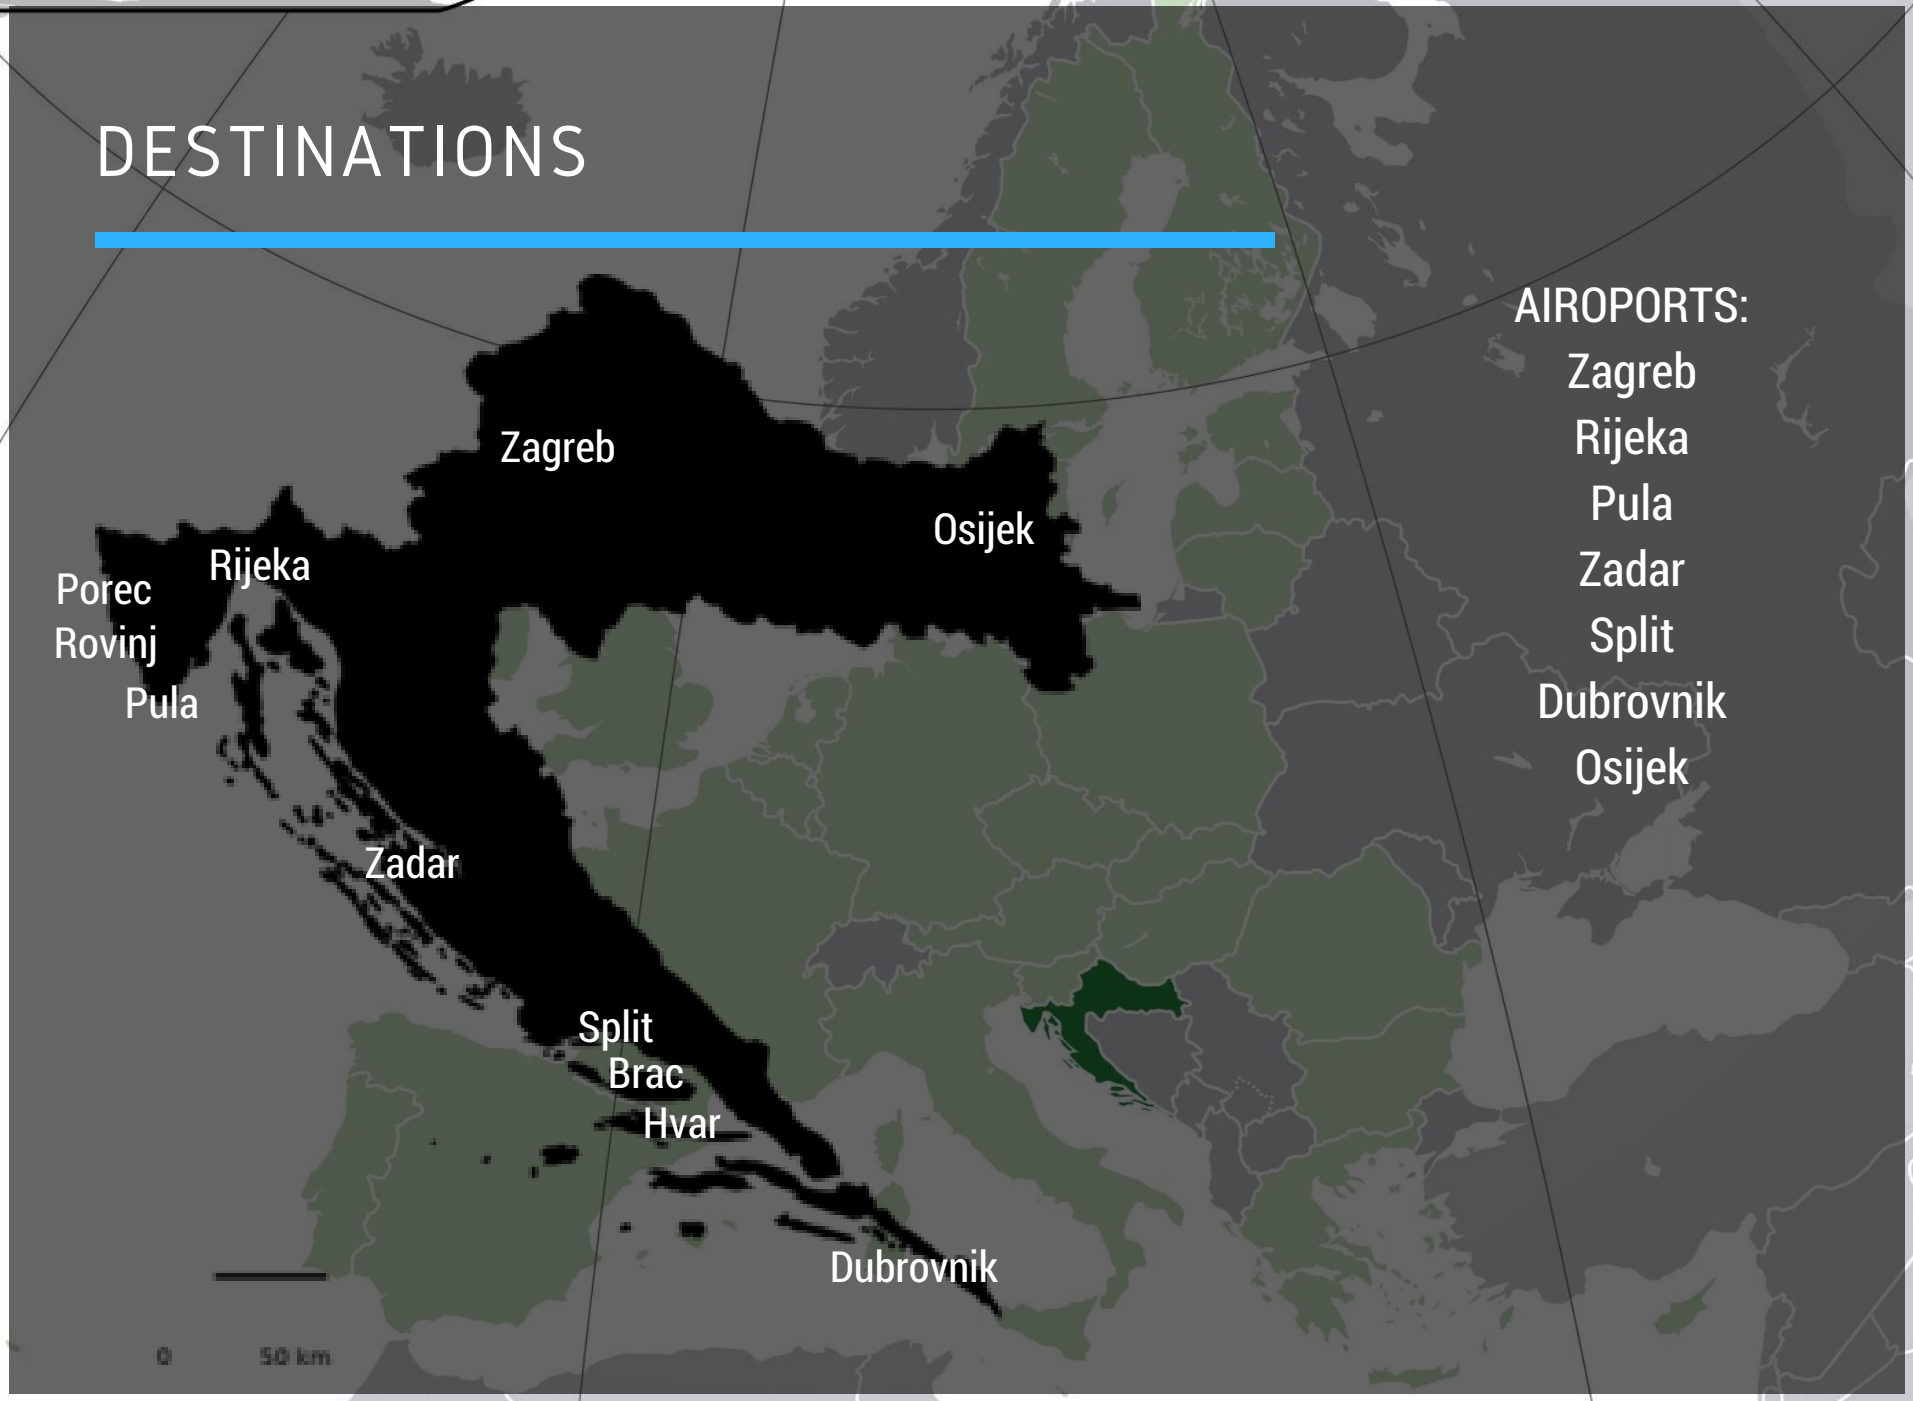

We use the full force of our ten years expertise, local knowledge and connections to make sure you or your client have the kind of programme that you can’t stop talking about – spirited, fun, meaningful, warmly connected, and unforgettable.

CROATIA

Close your eyes and imagine a country with a clear blue sea, endless plains, impressive mountains, numerous national parks, picturesque towns, friendly people and good food. Now open your eyes… Welcome to Croatia, a country whose diversity will take your breath away. One morning you will be swimming in the Adriatic sea and a couple of hours later, you will be looking at that same sea from the top of a mountain.
