OUR MISSION -
to "open up" Siberia to outside world

- Routes off-beaten paths – from Tuva (South Siberia, the boarder with Mongolia) to Plateau Putorana (Arctic circle).
- Formats: tours *(for those who prefer predictability)* and **expeditions** *(for those who are a bit more adventurous, where we have preliminary route but there is a chance for own discoveries)*
- Seasons: both summer and winter. Though summer in Siberia sounds like an obvious choice, but winter offers different joys – travel by frozen rivers and winter roads ("zimnik"), skiing, ice fishing.
- Social impact: the remote areas get one more source of income in addition to traditional ones, it helps survival of some communities in danger of extinction (i.e. Todzha reindeer herders).
- Safety first: we have own park of specially prepared and well-tested Russian 4WD (UAZ Patriot, GAZ-Sobol).
