TESTIMONIES

Taste&Travel
Tasting Mexico

“Thanks Taste & Travel for organizing an unforgettable trip. From the first moment with the hotel where the attention was excellent and the place envelops you with its aromas of spices and fruits. Having gone shopping at the local market with the hotel's chef, Ivan, where he explained the ingredients that he was going to use for the midday meal and the sensory dinner was very enriching. The spa with its water circuit was the most relaxing part of the trip. We loaded batteries to climb the Tepozteco, a wonderful experience that filled us with energy. The town has the charm that characterizes Mexico, a mixture of colors, flavors, smells and sounds. Until ending between friends singing in the Temazcal. The food was an experience in itself tasting typical dishes and knowing exceptional local ingredients. Again, thank you very much for making me know a little more about this wonderful country that is hosting us and making us grow with its riches. “

Karin Schmidt (Germany)

"After 8 years in Mexico, I finally fell madly in love with Mexican food. Because I knew her from the inside, with her story, reason to be and to pamper the palate. I recommend Taste & Travel blindly.”

Agustina Tocalli-Beller (Canada)

"Taste & Travel gave us an unforgettable experience. They were in every detail of the organization and together with Casa Fernanda they made this trip be kept in my heart forever. "

Natalia Marchisio (Brazil)

"An unbeatable gourmet experience combined with Spa and Temazcal. Buy in the market the food that we would later enjoy in a warm environment surrounded by nature and friends”.

Paula Olivero (Argentina)

"My experience was wonderful, first traveling with friends who can join the Mexican tradition. The place is beautiful and very close to the town. Sensory food, a luxury.
It was a wonderful trip!”.
