Hot Air Ballooning

If you're going to do it – do it in unassailable style. Its sunrise, the silence of flight is punctuated only by the occasional blast of the powerful burners and the faint call of a bird or animal far beneath. The thrill is indescribable.

You're sipping fine champagne while hovering gently above the tree tops of the beautiful Magalies River Valley, or drifting majestically high above the Magaliesberg range in the Cradle of Humankind World Heritage site, just 45 km north of Johannesburg's northern suburbs, a region boasting some of the best ballooning weather in the world. The exceptional peace of this unique and almost supernatural view of the world will forever remain as a truly cherished memory.
