ARVEN WOOD & ORGANICALLY GROWN COTTON

Arven wood: Therapeutic and sleep-inducing. Reduces the heart rate to up to 3'500 heartbeats per night. For a deeper sleep and better rest.

Six foot wide super-king beds are graced with luxurious sheets and pillows, which are made in Switzerland by Schwob, pioneers of organically grown cotton. Nestling in the Emmental valley, Schwob's Jacquard linen mills harvest their cotton exclusively by hand and the quality of the product is undisputed.
