Hotel Product Enhancements

Dear Valued Partner,

As part of our continued commitment to enhance our property and services we are happy to inform you on our upcoming Hotel product upgrade.

From August 05th to November this year we will renovate the Azul Pool Bar & Grill to create a spectacular outdoor experience with the JW Luxury touch, in addition we expect to open by early December the new private luxury Executive Lounge with spacious layout and outdoor terrace seeking to elevate the Hotel experience for our valuable Marriott Bonvoy Platinum, Titanium and Ambassador Elite members and for guests staying in Suites and Club level rooms.

During the months of October and November, renovations will take place at the Sky Lobby and Reception area to design a modern and elegant space with luxury ambiance.

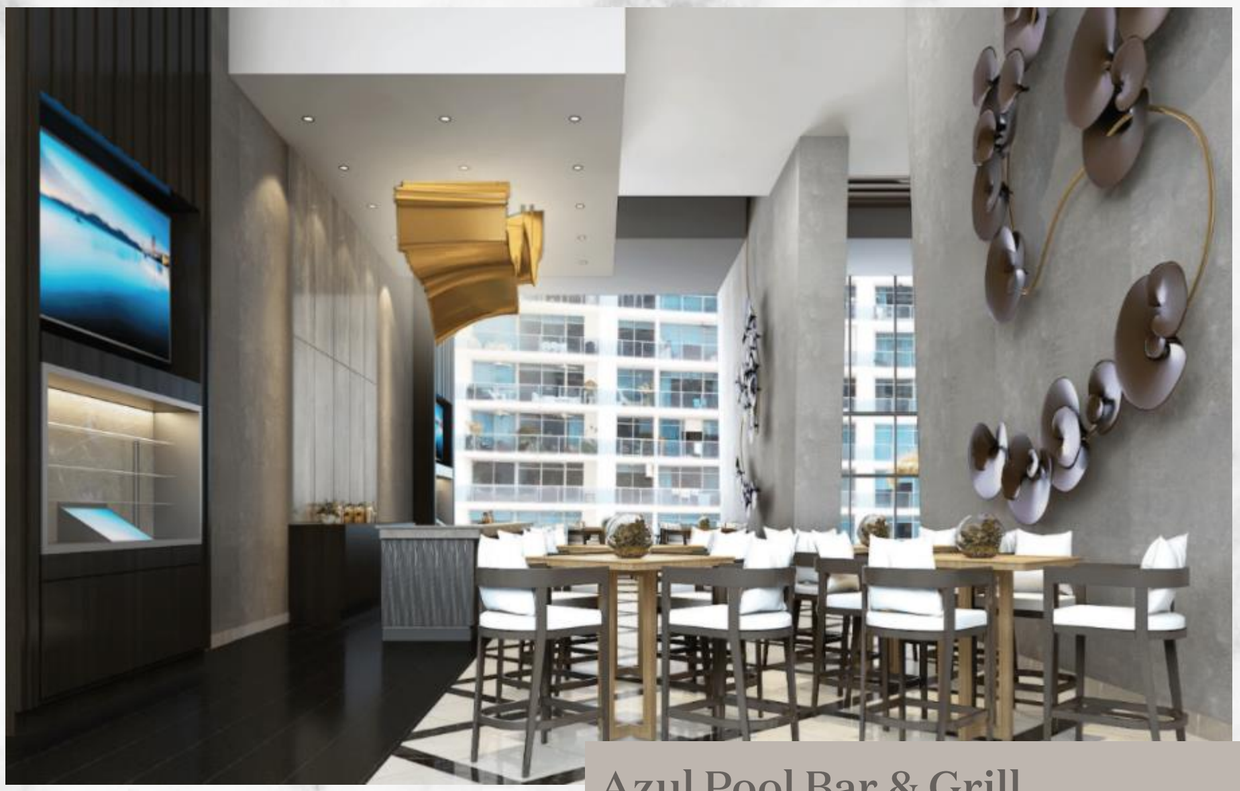

The Barcelona restaurant on the 14th floor will be closing for renovation from October 20th to the end of March 2020. Upon completion we will open a new brand concept restaurant with elegant design to elevate the culinary adventure experience.

At the JW Marriott Panama, we are excited to give our guests a better experience than ever before and look forward to welcoming our loyal guests.

The Hotel Management

Azul Pool Bar & Grill

Azul Pool Bar & Grill
