Algarve Coast Boat Tour & Sunset BBQ @ the Beach

A six-hour experience designed for those who love the sunset!
Cruise along the coastline, visit the incredible and scenic caves, including the famous Benagil Cave, also known as Algar de Benagil, and disembark on a secluded beach* to enjoy a barbecue prepared for you by an experienced crew, in a memorable setting.
Included in the BBQ menu are grilled shrimp, a variety of meat, grilled fish, crisps, algarvian salad and fruit of the season. Vegetarian menu is available upon request. An open bar on the beach and on the boat is also available, including water, soft drinks, beer, white and red wine and sangria.
After dinner you will have free time on the beach to enjoy the sun and try the stand-up paddle or scuba, the choice is yours!
It will be accompanied by a live “chill-out” music performance on the beach by a musician or a DJ.
A great day spent sailing west along the coast, through the coast's hidden caves, showing you the Algarve from a different perspective.

*If the weather conditions are unfavorable for landing on the secluded beach, the BBQ will be held on Ferragudo beach.

Starting Time – depends on the sunset
Meeting Point – Albufeira Marina
Days - under consultancy
Approximate Duration - 6 hours

Fishing Experiences

(small groups until 10 people - not private)

A sports fishing trip for all the fishing enthusiasts.
In the sport fishing trips, our aim is to turn your day into a memorable experience, either if it's a private or a group experience.
This activity is advisable for all lovers of this sport, with or without experience, as you will be accompanied by an experienced crew, who will teach you all the secrets there are to know. The crew knows the best technics and the best places, the right baits and how to use them, which will be used in a very efficient way to get the best results.
We prepare everything to make this Portuguese tradition memorable for you and for you to better understand the reason why our geographic location pushed us to the sea, since ever.
You may also enjoy the fish caught in a BBQ on board or take it with you for a special lunch, shared together with the fishermen or your family and friends. Please contact us for these special requests.

There are different programs available, as following:
Reef fishing (3 hours) - takes place ¾ miles off the coast (at 20 to 30 meters depth) with the vessel anchored. It's a type of fishing in which the bait stays at the bottom, close to the reefs, for the capture of a greater variety of fish, for example, mackerel, grouper, conger, and snapper, amongst others. The bait used is shrimp and common cockle.
Shark fishing (6 hours) – takes place at high seas (10 miles off the coast) fishing a variety of shark species, such as blue shark or shortfin mako, amongst others. The bait used is sardines.

***Note**: All the necessary equipment is included.*
A fishing activity is a great way to relax and to be in contact with Mother Nature, promoting the family union and friend groups to connect and interact with each other. Special conditions for Groups, Corporative events, and Team-building. Please contact us.

Cork Experience

In this experience, you will have the opportunity to visit the cork factory where the stoppers of the so famous champagne Moët & Chandon are born and you will learn how to distinguish the various types and qualities of stoppers for wines as well.
You will see the importance of the Cork Industry, its various components and the transformation from the circulation to the final product.
We begin with an introduction to the theme of cork and end with a visit to the facilities so that you can watch directly the different phases of this process.
After the visit, you will have the opportunity to put your hands “on the dough” and participate directly in the process of choosing, producing and analyzing the quality of the cork (includes safety equipment, water, and cork supply).
After the visit and the workshop, we propose a walk through the Factory Store, where you can appreciate the different applications of the granulated and cork skin in articles, namely fashion and home.

***Note**: It is also possible to make a guided visit to the cork oaks or to have a wine tasting included. Contact us for more information about these options.*

Starting Time – under consultancy
Meeting Point – São Brás de Alportel
