OUR HISTORY

2012

In 2012 we set up a hospitality and travel business in Yogyakarta. Our first clients were an Oil Company for arranging their corporate events and a Tour Operator for servicing their Malaysian & Singaporean leisure-travelers. We rented a small space at Brongto Hotel with 3 staffs. Our flag was a Werkudara Travel Management.

2013

We then set up a legal form of our company which officially became a limited liability company on February 11, 2013, PT. Werkudara Nirwana Sakti. We moved our office to Jl. Wonocatur, Nuri IV No.5, Banguntapan, Yogyakarta 55198 , Indonesia.

2014

This is the year when we expanded our business for another destination and country. We established our representative offices in Thailand and Bali, offering more destinations for both business and leisure travelers. We started establishing partnership with another Tour Operator for servicing European market, especially Spanish market, and partnership with several Multinational Companies for servicing their corporate events and business travelers.

2015

In response to the rapid growth of our business, then we moved to a larger office at Jl. Wonocatur Gg. Menur No. 456, Banguntapan, Yogyakarta 55198, Indonesia. This is also a year when we started selling outbound packages to Thailand and established new business unit: WTM Event Management to be focused on Corporate/ Business Clients.

2016

This year, we were growing, and given the customer-trust by a number of clients to organize events both nationally and internationally, some of which are: The World Bank, Danone Asia Pacific, ASEAN Insurance Council, and so on.

2017

2017 is a great year for us. Where in the journey during 2017 we were registered as a member of PATA (Pacific Asia Travel Ascosiation), and it is an honor for us to further expand our wings and contribute to the tourism industry.

BEHIND THE NAME & LOGO PHILOSOPHY

Werkudara

Has two meanings in Balinese and Javanese language:

- **Balinese:**
  Werkudara - - > **wer** (rapid speed) + **kuda** (horse) + **ra** (fly to nirvana)

  Meaning: The horse that has tremendous power to fly through the space and time, even with his speed is able to reach the nirvana.

- **Javanese:**
  Werkudara - -> **Werkudoro**

  Meaning: A character in Hindus Epic (Mahabharata): "Bhima" which is called Werkudoro in Javanese, whose traits and characters are : brave, bold, strong, firm, obedient and honest.

Overall meaning:

The company with tremendous strength, able to penetrate beyond the limits to achieve the highest success and able to provide the highest welfare for its owners, employees, business partners and society.

The Horse

The symbolic meaning of the horse is pretty intense with themes of **power** and **mobility (speed)**. It also represents **loyalty**, **devotion**, **bravery,** and **courage**.

The horse alone also carries archetypal themes of **unifying grounded stability** (four feet on the ground) **with higher ideals** (from speed and mobility).

The Winged Horse

This theme really comes to life when we add wings to the horse. The winged horse, is a symbol of **aspiring to the greatest heights of accomplishment.**

Take Off Position

The position where the whole power, coordination, and concentration are deployed to run something . Wherein means Werkudara always total in running things.

OUR CORE VALUES

Foster positive team and family spirit

We value right speech, honest communication, respectful listening, healthy expression of disagreement, and openness to divergent views. Within our structure we value the inclusion of staff in mindful decision making that is transparent, efficient, and considerate of everyone's needs. We support all staff being able to stay at our company as long as they are able to contribute to the work, meet the needs of the institution, and support each other and the life of the society.

Create value for our clients, communities, and environment

We value harmony in conducting our business, therefore we seek to act responsibly and honestly by making a difference to as many people as possible. We believe that individual needs are considered in light of community needs; and the needs of the community normally take precedence over individual needs or wants.

To meet needs in a goal-oriented and resourceful way

We value a “simple but significant" of delivering our services. In this we make every effort to use resources wisely, respect the environment, and practice the principle of moderation.

To work with competence, creativity, integrity, and joy

We value fast-paced, results-oriented work environment. We believe that our winning is because: we continuously apply our creativity to create innovative solutions that directly address customer needs, we are accountable for our results and we deliver more than expected, we are team-oriented, we seek solutions based on facts and root cause, we are not bureaucratic, and we have high integrity and respect for others, and most importantly, we enjoy for what we do and our winning is fun!

HOW DO WE WORK?

OUR TRANSFER SERVICE

FROM ANYWHERE TO EVERYWHERE!
We provide transfer service to and from: airport, train/ bus station, hotel, local attraction, event & dinner venue . We really will meet, greet and serve your guests!

TRANSFER IN (PICK-UP) & TRANSFER OUT (DROP OFF) SERVICES
With our private transfer service, you will receive:

- COMMITMENT TO QUALITY
  Your convenience, comfort and safe transport is the top priority. Even though sometimes we are using third party for transportation, we always conduct a continuous inspection to our vendors to make sure that vehicles are not only be clean but new, and always in good condition at all the time. Our crews and drivers are not only timely but safe, not only speak basic English but have a good attitude to serving you.
- SIGNATURE SERVICES
  We believe that a travel experience should be started from here. We add a little more style and comfort through our signature services and amenities during the transfers where your guests can feel the local hospitality in the bus/car, and even to taste local snacks & drinks which are uniquely served during the trip!
- VALUE FOR MONEY
  While other companies are competing to reduce prices. But we compete with ourselves to develop the highest quality of service.

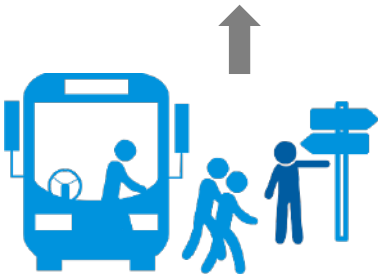

Our crew will be ready to escort your guests at designated pick-up zone with a clear sign of your guest or group name. Then your guests will be transferred with our private chauffeured vehicle to the predetermined locations

It is our standard “check-list” to make sure all guests on the list are completely seated in the designated bus and they are in safe and healthy condition. Our escort or guide (if required) will explain about the safety briefing, program and local destination.

Guests will receive our signature services during the transfer through our signature amenities including hot or cold drinks, mineral water, local snacks, and other refreshments. Our escorts will make sure that every passenger is comfortable in the bus/ car.

Upon arrival at predetermined location, we carefully select a stop point where buses/cars can safely drop-off passengers. Our crew will be happy to escort guests to the gather point, and remind them about the pick-up time and venue.
