Nineteenth century house with 3 stately stylish suites, with wonderful sea views.

Renovated the house and its beautiful gardens, has become a space for events and luxury suites keeping all the original elements of the furniture, watercolor wall paintings and boiseries that ornament the ceilings, floors and walls of some of the rooms, including the large wooden central staircase built in 1915.

Reform that has just been completed in 2019 giving rise to the enclosure of Santa Romana Suites. The restoration project has taken extreme care in maintaining and recovering all the original elements of the building, reflecting a contemporary and elegant style that incorporates all the necessary functionalities to guarantee a service and comfort to the level of attention and detail that our guests expect.
