More about Savoy Signature

We put our name in everything we do especially because it is how people remember us from the start – the first and legendary Savoy, the very beginning of our century-old hospitality tradition. Today, in the middle of the technological era, the tradition continues. The result of our constant effort and commitment to quality, based on attention to detail and personalised contact with each guest, this service sets itself apart from others.

Preserving Savoy's values, the recent rebranding project was key to create an "umbrella brand" for our collection of hotels and resorts, each one with its characteristics but all under the same Signature. With exclusive personalised services, we combine modernity and contemporaneity, design and immersion.

Proprietors

Founded in 1980, the AFA Group is characterized by its Attitude, Philosophy and Action in symbiosis with Resilience and Rigour. These values and principles carry over to the AFA's Hotel and Tourism activity. In 2015, the company which already owned Savoy Saccharum and Savoy Calheta Beach, both located in Calheta, purchased Siet Savoy, S.A., which included Royal Savoy, Savoy Gardens, plus the construction project of the new Savoy Palace. With this acquisition, the AFA Group included all the hotels under the brand of the family business led by José Avelino Farinha.

Mission

Own and operate remarkable hotels, where location and uniqueness together with personalized service are differentiation factors.
