About us

Managing Director

Mobile: +254 722 234065 * 722 234091 * 733 208663

Email: africa@monacosafaris.africa

Monaco Safaris Afrika Limited was established in 2005 in Kenya and later expanded to Egypt, Ethiopia, Tanzania, Uganda, Rwanda and Zanzibar.

The founder & Managing Director has been in tourism since 1990 having worked for some of the major DMCs including Pollmans, Abercrombie & Kent, African Safari Club, Africa Secrets and Southern Cross Safaris. In those DMCs, he was in charge of planning and designing travel solutions for tour operators like TUI, Nouvelles Frontieres, Africatours, Kuoni France & UK, Thomas Cook, Jet Tours, Rev Vacances, Neckermann & Hotelplan among others.

Our employees in each country are local citizens with immense knowledge in history, flora and fauna. Every member of our team interacting with you is well fluent in either English, German, French, Italian or Spanish among other languages.

In case of any need that calls for my personal attention, please feel free to contact me on my above direct contacts.

We welcome you to experience the world of Monaco.

Our offices

In every country where we operate, we have a back-up team on standby to receive your travel need.

They will work with you during the planning stage respecting every highlight of your dream holiday.

Our airport Services

Regardless of the country or airport of your arrival, there is a team waiting for you.

We give you an African welcome and briefing as we transfer you to your first destination

Our traditional reception

Arriving at your dream beach hotel to a traditional dance is one sure way of making you feel welcome as you sip that cold coconut cocktail

Your decision to travel puts a plate on the table of many lives. Think about it

Our local excursions / transport

Whether on arrival, sight-seeing tour or departure, as an individual, couple, family or a group, we have the most convenient and comfortable vehicle waiting for you.

They are air-conditioned for your comfort

Wildlife encounter

Our vehicles are designed with you in mind to give you comfort, exposure and convenience. Each one is installed with High Frequency radio for communication, electric chargers for your camera, wildlife reference books & cooler boxes for your refreshments

Flying safaris

Flying from one national park to another gives you more time and convenience to discover more within a shorter period.
For flying safaris, we use vehicles from the lodges / camps due to distances.
Some are open like this one from our partner Governor's Luxury Camp in masai mara game reserve. You can choose to share the vehicle with others or have an exclusive one reserved for you.

Weddings

Our passion is in taking care of your decision and choice.

Location does not stop us from making it happen for you.

Whether on the white sands of Indian ocean or on the savannah plains of Amboseli national park with elephants as your invited guests, we are up to the task.

. . . Our wedding of the century

Our accommodation

Our accommodation will make you enjoy the authentic Africa. Sleeping closer to animals as well as sun bathing on the shores of Indian ocean is our main focus in our products. At times, you may not need to go looking for animals. They come looking for you as they display their cat-walk talent in front of you or just watching you through your tent window

Cultural Tourism

Responsible tourism is our main focus in every endeavor. The local communities around our areas of attractions must be appreciated, supported and educated on the importance of tourism.

Success is not in what you have or own but what you have given out and put a smile on another face

Walking adventure

Seeing an animal is not an experience.
Anyone can take you there. The real experience is in seeing the world from their eyes.
Spending time trailing them on foot, being pierced by thorns, stung by insects, scorched by the sun will make you love and respect them forever.
We are always innovating new ways for you.

Bush meals

Sometimes, we want you to enjoy the African experience.

Having lunch in the bush sitting on the grass or just breakfast prepared on the plains of a national park is an experience to cherish

Our big mistake

Our big mistake here was of not inviting our neighbors for lunch. We were betrayed by the sweet aroma of our buffet.

We failed to note the wind direction and have the buffet on the opposite direction of the wind.

They ate, drank and destroyed everything but surprisingly, they didn't touch the lunch invoice that was on one of the tables. They wanted us to pay when we resurface from our hiding place. Lesson learnt: Always love your neighbor as you love yourself…

Balloon expedition

Just imagine watching animals from a flying basket.

While some animals will be running away from you, others will be cheering you up.

It is real and it is memorable.

Upon landing, a champagne breakfast is waiting for you in the bush as you toast to long life

M.I.C.E tourism

Our team is well prepared to handle all your M.I.C.E needs. From arrival meet and greet, transfers, accommodation and all necessary facilities and logistics, we will work with you to make it memorable. Just talk to us

Honeymoon experience

For honeymooners, we know how to shut the whole world out of you but we are keeping an eye over you from a distance just incase the king of the jungle appears. .

Agri-Tourism

Our innovation is not limited to wildlife only.

Africa is the origin of those beautiful flowers imported in your country, that sweet African tea and coffee in your local supermarket or just visit the home of the world marathon champions and join them for some activity on a high attitude or even the local communities' projects.

Incentive sundowner

Imagine having an evening group sundowner in the bush on a mountain to celebrate your amazing experience with us ! That's what we do best.

On that mountain, your favorite drinks and snacks are available

Mountain climbing & water sports

If you are looking for physical challenge on mount Kilimanjaro, mount Kenya or any other mountain in Africa, we are the best fit for you.

For those looking for water chaos, water rafting in Uganda is your match.

Golf Tourism

Africa is home to some of the oldest golf courses in the world. Combining wildlife experience, beach relaxation and playing golf will give you a strong sense of the African hospitality, diversity and nature endowment.

Our driver-guides from heaven

We love these big boys. Their smile is a reflection of happy families. They are very passionate and always going an extra mile to make your holiday memorable. Their knowledge in history, flora and fauna complements the African hospitality that we offer.

Farewell dinner

On the eve of your departure, we shall organize a special dinner for you on a traditional boat with a live band onboard as you sail on the Indian ocean or just on the beach under the open skies and dance the night out enjoying the cool breeze
